- 2.9 Where a material breach of clause 2.8 occurs, the Lotus Global Committee will determine the steps that should be taken to remedy the breach, and, if not capable of being rectified, determine whether the licence granted to an Affiliate or third party should be terminated.

3. LOTUS GLOBAL COMMITTEE

- 3.1 The Parties agree that, upon the execution of this Agreement, they shall establish a committee (the "Lotus Global Committee") as set out in schedule 3, whose structure, function, governance, mechanism, powers and authorities shall be approved by LGIL's board of directors. The issue of shares should take place after the initial subscription but before the 'Pre-A round' of investment when the Consideration Shares are valued at £724,700, and in any event before 31 December 2021 ("Long Stop Date").
-

- 4.3 The Licensor (or its nominee), Lotus Cayman, and other shareholders of Lotus Cayman intend to enter into a shareholders' agreement in relation to the Licensor's (or its nominee's) shareholding in Lotus Cayman ("Shareholders' Agreement") on terms acceptable to the Licensor (or its nominee) acting reasonably and in good faith. The Licensee shall procure that Lotus Cayman enters into the Shareholders' Agreement.
- 4.4 In the event that the Licensor (or its nominee) does not receive the Consideration Shares in accordance with Clause 4.2, this Agreement and all licenses granted under it (including any licences or sublicences granted to Affiliates or third parties) will terminate with immediate effect unless the Licensee pays the Licence Fee to the Licensor within thirty (30) days of the Long Stop Date.
- 4.5 With the exception of any tax payable by the Licensor to the UK tax authorities, the Licensee shall be solely responsible for all taxes and duties which may be levied by any governmental authority in any jurisdiction as a result of the licences and sublicences granted under this Agreement, including, but not limited to, for the avoidance of doubt, any withholding or other tax levied by the Hong Kong or Chinese tax authorities.

5. LICENCE TERM

- 5.1 Subject to clauses 2.3 and 9, the Agreement shall be effective from the Effective Date, and shall continue to be effective during the Term (as defined in clause 2.1). -

The Licensor shall be responsible for 100% of the costs of renewal and registration if neither Party's products are present or only Sports Cars and not Lifestyle Cars are present in the Territory.

- 6.3 For protecting the Licensed Trademarks to the benefit of both Parties, if the Licensor is aware of any actions taken by any third party trying to cancel the registration of any Licensed Trademarks in whole or in part in the Territory, the Licensor shall use commercially reasonable endeavours to protect the validity and registration of the relevant Licensed Trademarks and the Licensee shall be responsible for providing evidence of use of the Licensed Trademarks and providing such evidence to the Licensor on an annual basis. Where the Licensee fails to provide evidence of use, the Licensor shall not be responsible for any invalidation or cancellation of a Licensed Trademark or reduction of the goods and services in a class for the Licensed Trademark.
- 6.4 If the Licensee wishes to register any marks that are not the Part A Licensed Trademarks or Part B Licensed Trademarks but are deemed similar (as defined in clause 2.8 above) and therefore would conflict with the Licensor's trademarks, the Lotus Global Committee shall decide whether the Licensor should make such registration in the Licensor's name. In such event, the Licensee shall reimburse the Licensor for all costs involved in making a new application in the proportions specified in clauses 6.2 above payable within 60 days of an invoice being provided by the Licensor. The Licensor shall have no liability in the event that a new trade mark is not granted. Where the Licensee wishes to register a trade mark that the Lotus Global Committee agrees is not identical or similar to a Licensor trade mark, it shall register in the Licensee's name and at the sole cost of the Licensee.
- 6.5 Should the Licensee wish to use the Licensed Trademarks on goods and services in different categories where Licensed Trademarks have not been registered in the Territory, the applications shall be discussed and agreed in the Lotus Global Committee. Subject to direction of the Lotus Global Committee and agreement by the Parties, the Licensor shall make the new applications and own the trade mark and the trademark licence granted to the Licensee as agreed in this Agreement will extend to the use of such relevant marks, but the Licensee shall reimburse the Licensor for all costs involved in making a new application in the proportions specified in clauses 6.2 and 6.3 above payable within 60 days of an invoice provided to the Licensee by the Licensor. Unless the Licensee provides instructions that a new application from a third party should be opposed (in the Territory) within five (5) days of receiving the watch notification (or within 24 hours where the deadline to oppose is shorter than five (5) days), the Licensor shall at its own discretion decide whether or not to oppose that trade mark application.

In addition, the Parties shall discuss and agree an appropriate course of action in the Lotus Global Committee where there is a significant threat of infringement of third party rights and take appropriate action to minimise harm to either Party.
- 6.9B For the purpose of but without limiting clause 6.6, the Licensor hereby informs the Licensee that use of the Licensed Trademarks in the country(s) in relation to the goods and/or services specified in schedule 2 may infringe third party rights and therefore the Parties shall discuss with each other to take commercially reasonable actions so that each Party can use the affected Part A Licensed Trademarks and Part B Licensed Trademarks in the Territory in accordance with this Agreement as soon as possible.
-

- 6.10 The Licensee indemnifies (and holds harmless) the Licensor against all costs (including professional costs), losses, claims, fines and judgment arising from Licensee's or its Affiliates' use of the Licensed Trademarks (or any third party or Affiliate that the Licensee permits to use the Licensed Trademark) which breaches the Part A Trademark License or the Part B Trademark License or any other part of this Agreement, provided that the indemnity under this clause 6.10 shall not apply in respect of any costs (including professional costs), losses, claims, fines and judgment that would be subject to the indemnity by the Licensee in favour of the Licensor under clause 14.1.

2.9 Where a material breach of clause 2.8 occurs, the Lotus Global Committee will determine the steps that should be taken to remedy the breach, and, if not capable of being rectified, determine whether the licence granted to an Affiliate or third party should be terminated.

In such event, the Licensee shall reimburse the Licensor for all costs involved in making a new application in the proportions specified in clauses 6.2 above payable within 60 days of an invoice being provided by the Licensor. The Licensor shall have no liability in the event that a new trade mark is not granted. In addition, the Parties shall discuss and agree an appropriate course of action in the Lotus Global Committee where there is a significant threat of infringement of third party rights and take appropriate action to minimise harm to either Party.

For the avoidance of doubt, the transfer between shareholders of the Target Company, the transfer of the equity of the Target Company between the shareholders of the Target Company and its affiliates, and the transfer of equity in accordance with the Shareholder Agreement do not require the consent of the Investor and the Investor does not have the tag-along right above.

Representations and Warranties of the Investor

5.2 The Investor hereby represents and warrants to the Issuer as of the date hereof as follows:

It is not in receivership or liquidation and has taken no steps to enter into liquidation, and no petition has been presented for the winding-up of the Investor.
- (b) **Authorization.** The Investor has all corporate power and authority to execute and deliver this Agreement and each of the other Transaction Documents to which it is a party and to carry out and perform its obligations hereunder and thereunder. The execution and delivery by the Investor of this Agreement and the performance by the Investor of the transactions contemplated hereunder have been duly authorized by all necessary corporate or other action of the Investor. This Agreement has been duly executed and delivered by the Investor and constitutes valid and legally binding obligations of the Investor, enforceable against the Investor in accordance with its terms, subject to Enforceability Exceptions. No consent, approval, authorization, order, filing, registration or qualification of or with any court, Authority or third person is required to be obtained by the Investor in connection with the execution and delivery of this Agreement by the Investor or the performance of the Investor's obligations hereunder or thereunder.
- (c) **Purchase for Own Account.** The Note and the Conversion Shares will be acquired for the Investor's own account, not as a nominee or agent, and not with a view to or in connection with the sale or distribution of any part thereof, and the Investor does not have any present intention of selling, granting any participation in, or otherwise distributing the same. The Investor does not have any contract, undertaking, agreement or arrangement with any Person to sell, transfer or grant participation to such Person or any third Person, with respect to any Note or Conversion Shares.
- (d) **Restricted Securities.** The Investor understands that the Note and the Conversion Shares have not been, and will not be, registered under the U.S. Securities Act of 1933, as amended. The Investor further understands that the Note and the Conversion Shares will be "restricted securities" under applicable U.S. federal securities laws that are subject to transfer restrictions under such laws. The Investor acknowledges that the Issuer has no obligation to register or qualify the Note or the Conversion Shares (other than registration rights attached to such Conversion Shares, if any), as the case may be, for resale. The Investor further acknowledges that if an exemption from registration or qualification is available, it may be conditioned on various requirements including, but not limited to, the time and manner of sale, the holding period for the Note or the Conversion Shares, and on requirements relating to the Issuer which are outside of the Investor's control, and which the Issuer is under no obligation and may not be able to satisfy.
- (e) **No Public Market.** The Investor understands that no public market now exists for the Note or the Conversion Shares, and that the Issuer has made no assurances that there will ever be a public market for the Note or the Conversion Shares.

12

6. RESTRICTIONS ON DISPOSITION

The Investor shall not assign or transfer this Agreement or any Note, or any of its rights, interests or obligations hereunder or thereunder, in whole or in part, to any person without the prior written consent of the Issuer (which consent shall not be unreasonably withheld if such assignment or transfer is to an Affiliate of the Investor).

7. USE OF PROCEEDS

The Issuer shall use the proceeds from the subscription of the Note only for working capital requirements and other general corporate purposes (including but not limited to business expansion, capital expenditure, new product development, talent acquisition, operating expenses, investments and mergers and acquisitions, and fees and expenses in connection with the issuance of the Note).

8. EXPENSES

Each Party shall bear its own costs and expenses in connection with (i) the preparation and negotiation of this Agreement and the other Transaction Documents, (ii) its performance under this Agreement and the other Transaction Documents and (iii) the consummation of the transactions contemplated hereby and thereby, including all fees and expenses of such Party's agents, representatives, financial and legal advisors and accountants.

9. COVENANTS

Prior to the conversion of the Note into Conversion Shares, the Issuer shall have duly authorized and validly reserved for issuance such number of Conversion Shares as shall be sufficient to effect the conversion of the Note.

10. CONFIDENTIALITY

10.1 Each Party undertakes that it shall, and shall procure that its Affiliates, directors, officers, employees, agents and professional and other advisers (collectively, its "**Representatives**") will, use its best endeavours to keep confidential at all times and not permit or cause the disclosure of any information (other than to its Representatives) which it may possess or acquire before, on or after the date of this Agreement relating to the provisions of, and negotiations leading to, this Agreement or the other Transaction Documents and the performance of the obligations hereunder or thereunder (such information, "**Confidential Information**").

10.2 Each Party shall alert the other Parties as soon as reasonably practicable after it becomes aware of any unauthorized use or disclosure, or suspected unauthorized use or disclosure of Confidential Information.

10.3 Any release of Confidential Information by any Party, privately or to the public, shall be subject to the prior written approval of the other Party. Notwithstanding the foregoing, Confidential Information may be disclosed by any Party:

- (a) if the Confidential Information is or becomes generally available to the public other than as a result of disclosure by or at the direction of a Party or any of its Representatives in violation of this Agreement;

13

- (b) after giving prior notice to the concerned Party or Parties to the extent practicable under the circumstances and subject to any practicable arrangements to protect confidentiality, to the extent requested or required under the rules of any stock exchange on which the shares of a Party or its parent company are listed or by applicable laws or governmental regulations or judicial or regulatory process or in connection with any judicial process regarding any legal action, suit or proceeding arising out of or relating to this Agreement;

- (c) to its shareholders and Representatives who need to know such information for the purpose of assisting the Parties in the transactions contemplated and performance of the obligations under this Agreement and the other Transaction Documents; and

- (d) to its current or prospective investors, provided that such persons are bound by appropriate confidentiality obligations at least as strict as the confidentiality provisions hereunder.

11. INDEMNIFICATION

11.1 From and after the Closing, subject to the limits set forth in this clause 11, the Issuer shall indemnify, defend and hold harmless the Investor, its Affiliates and their respective officers, directors, employees and agents (collectively, the "**Indemnitees**") from and against any and all losses, costs, liabilities, damages and expenses, including reasonable attorneys' fees and disbursements in connection therewith (collectively, the "**Indemnifiable Liabilities**"), incurred by any Indemnitee as a result of or arising out of any breach by the Issuer of any representation, warranty, covenant, obligation or agreement contained in the Transaction Documents.

11.2 Except in the case of fraud, willful misconduct or gross negligence,

- (a) the aggregate liability of the Issuer for Indemnifiable Liabilities incurred by the Investor shall not exceed the Purchase Price, provided that this limit on liability shall not apply to any payment obligation of the Issuer under the Transaction Documents or the Issuer's obligations to deliver any relevant Conversion Shares in accordance with this Agreement;
- (b) the Issuer shall not be liable to the Indemnitees in respect of any claim under this Agreement for any breach of the Issuer's representations or warranties unless (i) the Investor has given the Issuer written notice of the claim (stating in reasonable detail the nature of the claim and, if practicable, the amount claimed) on or before the date that is one (1) year from the Closing Date and (ii) the aggregate amount of the Indemnifiable Liabilities suffered or incurred by such Indemnitees thereunder exceeds US\$1,000,000, in which case the Issuer shall be liable to the Indemnitees for the excess amount; and
- (c) notwithstanding any other provision to the contrary, the Issuer shall not be liable for any consequential, exemplary, punitive, special, indirect or incidental damages, including, without limitation, loss of profits or revenue.

12. TERMINATION

12.1 This Agreement shall automatically terminate as between the Issuer and the Investor upon the earliest to occur of:

- (a) the mutual written consent of the Issuer and the Investor;
- (b) the delivery of written notice to terminate by either the Issuer or the Investor if Closing shall not have occurred by the date that is three (3) months (or such other date as may be agreed by the Issuer and the Investor) after the date of this Agreement; provided, however, that such right to terminate this Agreement under this clause 12.1(b) shall not be available to any Party whose failure to fulfil any obligation under this Agreement shall have been the principal cause of, or shall have resulted in, the failure of Closing to occur on or prior to such date; or
- (c) by the Issuer or the Investor in the event that any Authority shall have issued an order or taken any other action restraining, enjoining or otherwise prohibiting the transactions contemplated by the Transaction Agreements and such order or other action shall have become final and non-appealable.

12.2 If this Agreement is terminated pursuant to clause 12.1, this Agreement shall become null and void and of no further force and effect, except that the Surviving Provisions shall remain in full force and effect; provided that nothing herein shall relieve any Party from liability for any breach of this Agreement that occurred prior to such termination.

13. NOTICES

13.1 Any notice required or permitted pursuant to this Agreement shall be given in writing and shall be given either personally or by sending it by next-day or second-day courier service, fax, electronic mail or similar means to the address or number of the relevant Party as set out in clause 13.2 (or at such other address or number as such Party may designate by fifteen (15) days' advance written notice to the other Parties given in accordance with this clause 13.1). Where a notice is sent by next-day or second-day courier service, service of the notice shall be deemed to be effected by properly addressing, pre-paying and sending by next-day or second-day service through an internationally-recognised courier a letter containing the notice, with a written confirmation of delivery, and to have been effected at the earlier of (i) delivery (or when delivery is refused) and (ii) expiration of two (2) Business Days after the letter containing the same is sent as aforesaid. 14. MISCELLANEOUS

14.1 **Further Assurance.** Upon the terms and subject to the conditions herein, each of the Parties agrees to take or cause to be taken all action, to do or cause to be done, to execute such further instruments, and to assist and cooperate with the other Parties in doing, all things necessary, proper or advisable under applicable laws or otherwise to consummate and make effective, in the most expeditious manner practicable, the transactions contemplated by this Agreement and the other Transaction Documents and, to the extent reasonably requested by another Party, to enforce rights and obligations pursuant hereto or thereto.

14.2 **No Third Party Rights.** Except to the extent otherwise set out herein, no person other than the Parties to this Agreement shall have any right to enforce, or enjoy the benefit of, any of the provisions of this Agreement.

14.3 **Rights Cumulative; Specific Performance.** Each and all of the various rights, powers and remedies of a Party will be considered to be cumulative with and in addition to any other rights, powers and remedies that such Party may have at law or in equity in the event of the breach of any of the terms of this Agreement. The exercise or partial exercise of any right, power or remedy will neither constitute the exclusive election thereof nor the waiver of any other right, power or remedy available to such party. Without limiting the foregoing, the Parties acknowledge and agree irreparable harm may occur for which money damages would not be an adequate remedy in the event that any of the provisions of this Agreement were not performed in accordance with their specific terms or were otherwise breached. It is accordingly agreed that, notwithstanding anything in this Agreement to the contrary, any Party shall be entitled to injunction to prevent breaches of this Agreement and to enforce specifically the terms and provisions of this Agreement.

14.4 **Severability.** In case any provision of this Agreement shall be invalid, illegal or unenforceable, the validity, legality and enforceability of the remaining provisions shall not in any way be affected or impaired thereby. If, however, any provision of this Agreement shall be invalid, illegal or unenforceable under any applicable law in any jurisdiction, it shall, as to such jurisdiction, be deemed modified to conform to the minimum requirements of such law, or, if for any reason it is not deemed so modified, it shall be invalid, illegal, or unenforceable only to the extent of such invalidity, illegality or limitation on enforceability without affecting the remaining provisions of this Agreement, or the validity, legality or enforceability of such provision in any other jurisdiction.

14.5 **Amendments and Waivers.** No term of this Agreement may be amended, modified or supplemented, and no provision hereof may be waived, except by a written instrument executed by all the Parties. Any amendment effected in accordance with this clause 14.5 shall be binding upon each Party. The observance of any term of this Agreement may be waived (either generally or in a particular instance and either retroactively or prospectively) only with the written consent of the Party against whom such waiver is sought.

- 14.6 **No Waiver.** Failure to insist upon strict compliance with any of the terms, covenants or conditions hereof will not be deemed a waiver of such term, covenant or condition, nor will any waiver or relinquishment of, or failure to insist upon strict compliance with, any right, power or remedy hereunder at any one or more times be deemed a waiver or relinquishment of such right, power or remedy at any other time or times.
- 14.7 **Delays or Omissions.** No delay or omission to exercise any right, power or remedy accruing to any Party under this Agreement, upon any breach or default of any other Party under this Agreement, shall impair any such right, power or remedy of such non-breaching or non-defaulting Party nor shall it be construed to be a waiver of any such breach or default, or an acquiescence therein, or of or in any similar breach or default thereafter occurring; nor shall any waiver of any single breach or default be deemed a waiver of any other breach or default theretofore or thereafter occurring. Any waiver, permit, consent or approval of any kind or character on the part of any Party of any breach or default under this Agreement, or any waiver on the part of any Party of any provisions or conditions of this Agreement, must be in writing and shall be effective only to the extent specifically set forth in such writing.
- 14.8 **Entire Agreement.** This Agreement and the other Transaction Documents, together with all schedules and exhibits hereto and thereto, constitute the full and entire understanding and agreement among the Parties with regard to the subjects hereof and thereof, and supersede all other agreements between or among any of the Parties with respect to the subject matters hereof and thereof. This Agreement shall take effect and become binding on and enforceable against the parties upon execution hereof.
- 14.9 **Counterparts.** This Agreement may be executed in any number of counterparts, and by each Party on separate counterparts. Each counterpart is an original, but all counterparts shall together constitute one and the same instrument. Facsimile and e-mailed copies of signatures shall be deemed to be originals for purposes of the effectiveness of this Agreement.

15. GOVERNING LAW AND DISPUTE RESOLUTION

- 15.1 This Agreement shall be governed by and construed in accordance with the laws of the State of New York without regard to principles of conflicts of laws thereunder.
- 15.2 The Parties agree to negotiate in good faith to resolve any dispute between them regarding this Agreement. If the negotiations fail to resolve the dispute within fifteen (15) days after the commencement of the negotiation, clause 15.3 shall apply.
- 15.3 In the event the Parties are unable to resolve a dispute between them regarding this Agreement in accordance with clause 15.2 above, such dispute shall be referred to and finally settled by arbitration administered by the Hong Kong International Arbitration Centre (the "HKIAC") under the HKIAC Administered Arbitration Rules in force at the time of commencement of the arbitration. The seat of arbitration shall be Hong Kong. There shall be three arbitrators. The claimant and respondent shall each nominate one (1) arbitrator and the third arbitrator shall be appointed by the HKIAC. The arbitration proceedings shall be conducted in English. The award of the arbitral tribunal shall be final and binding upon the parties thereto, and the prevailing party may apply to a court of competent jurisdiction for enforcement of such award.

Capitalized terms used and not defined in this Subscription Agreement have the meanings ascribed to such terms in the Transaction Agreement (as defined below).

WHEREAS, this Subscription Agreement is being entered into in connection with that certain Agreement and Plan of Merger, dated as of January 31, 2023 (as may be amended, modified, supplemented or waived from time to time in accordance with its terms, the "Transaction Agreement"), by and among the Issuer, L Catterton Asia Acquisition Corp, an exempted company incorporated with limited liability in the Cayman Islands ("SPAC"), Lotus Temp Limited, an exempted company incorporated with limited liability in the Cayman Islands and a direct wholly owned subsidiary of the Issuer ("Merger Sub 1"), and Lotus EV Limited, an exempted company incorporated with limited liability in the Cayman Islands and a direct wholly owned subsidiary of the Issuer ("Merger Sub 2"), pursuant to which, on the terms and subject to the conditions set forth therein, among other things, (a) Merger Sub 1 will merge with and into SPAC (the "First Merger"), with SPAC as the surviving company in the First Merger and, after giving effect to the First Merger, becoming a wholly owned subsidiary of the Issuer, and (b) SPAC will merge with and into Merger Sub 2 (the "Second Merger," and together with the First Merger and the other transactions contemplated by the Transaction Agreement, the "Transaction"), with Merger Sub 2 as the surviving company in the Second Merger and, after giving effect to the Second Merger, becoming a wholly owned subsidiary of the Issuer; and

WHEREAS, in connection with the Transaction, the Investor desires to subscribe for and purchase, prior to the closing of the Transaction but following the consummation of the Recapitalization (as defined in the Transaction Agreement), such number of ordinary shares in the Issuer, par value \$0.00001 per share (the "Shares") set forth on opposite such Investor's name on Schedule 1 hereto for a purchase price of \$10.00 per share (the "Per Share Purchase Price"), for the aggregate purchase price set forth opposite such Investor's name on Schedule 1 hereto (the "Subscription Amount"), and the Issuer desires to issue and sell to the Investor the Shares in consideration of the payment of the Subscription Amount therefor by or on behalf of the Investor to the Issuer, all on the terms and conditions set forth herein.

WHEREAS, in connection with the Transaction, the Issuer is entering into separate subscription agreements (the "Other Subscription Agreements") with certain other investors (the "Other PIPE Investors," together with the Investor, collectively, the "PIPE Investors"), pursuant to which the Other PIPE Investors will agree to subscribe for and purchase in cash, and the Issuer will agree to issue and sell to the Other PIPE Investors, on the Closing Date, Shares at the Per Share Purchase Price.

NOW, THEREFORE, in consideration of the foregoing and the mutual representations, warranties and covenants, and subject to the conditions, herein contained, and intending to be legally bound hereby, the parties hereto hereby agree as follows:

1. **Subscription.** Subject to the terms and conditions hereof, the Investor hereby irrevocably subscribes for and agrees to purchase from the Issuer, and the Issuer hereby agrees to issue and sell to the Investor, the Shares, on the terms and subject to the conditions provided for herein.

2. **Closing.** The closing of the sale of the Shares contemplated hereby (the "Closing") shall occur on the closing date of the Transaction (the "Closing Date") and be conditioned upon the substantially concurrent consummation of the Transaction and satisfaction of the other conditions set forth in Section 3 hereof. Upon delivery of written notice from (or on behalf of) the Issuer to the Investor (the "Closing Notice") that the Issuer reasonably expects all conditions to the closing of the Transaction to be satisfied or waived on an expected closing date that is not less than five (5) business days from the date on which the Closing Notice is delivered to the Investor, the Investor shall deliver to the Issuer, three (3) business days prior to the expected closing date specified in the Closing Notice, the Subscription Amount by wire transfer of U.S. dollars in immediately available funds to the account in an escrow bank specified by the Issuer in the Closing Notice, to be held in escrow until the First Merger Effective Time. As soon as practicable following, but not later than one (1) business day after the Closing Date, the Issuer shall (i) issue the Shares to the Investor, free and clear of any liens or other restrictions (other than those arising under applicable securities laws) and subsequently cause the Shares to be registered in book-entry form in the name of the Investor on the Issuer's register of members and (ii) provide to the Investor evidence of such issuance from the Issuer's transfer agent (the "Transfer Agent"). For purposes of this Subscription Agreement, "business day" shall mean any day other than a Saturday, Sunday or other day on which commercial banks in New York, New York, the Cayman Islands, Hong Kong SAR and People's Republic of China (excluding, for the purposes of this Agreement only, Hong Kong SAR, Macau SAR and Taiwan, "PRC"), are authorized or required by law to close. If the Closing does not occur within ten (10) business days following the expected closing date specified in the Closing Notice, unless otherwise agreed to in writing by the Issuer and the Investor, the Issuer shall promptly (but not later than two (2) business days thereafter) cause the return of the Subscription Amount in full to the Investor by wire transfer of U.S. dollars in immediately available funds to the account specified by the Investor, and any book-entries for the Shares shall be deemed cancelled (to the extent the Shares are issued); provided that unless this Subscription Agreement has been terminated pursuant to Section 6, such return of funds shall not terminate this Subscription Agreement or relieve the Investor of its obligation to purchase the Shares at the Closing upon delivery by the Issuer of a subsequent Closing Notice in accordance with the terms of this Section 2. Prior to or on the Closing Date, the Investor shall deliver to the Issuer any other information that is reasonably requested in the Closing Notice in order for the Issuer to issue the Shares, including, without limitation, the legal name of the person in whose name such Shares are to be issued and a duly executed Internal Revenue Service Form W-9 or W-8, as applicable.

- (c) **Legality.** There shall not be in force any order, judgment, injunction, decree, writ, stipulation, determination or award, in each case, entered by or with any governmental authority, law, statute, rule or regulation enjoining or prohibiting the issuance and sale of the Shares under this Subscription Agreement.
- (d) **Performance and Compliance under Subscription Agreement.** The Investor shall have wired the Subscription Amount in accordance with Section 2 of this Subscription Agreement and otherwise performed, satisfied and complied in all material respects with all covenants, agreements and conditions required by this Subscription Agreement to be performed, satisfied or complied with by it at or prior to the Closing, except where the failure of such performance or compliance would not or would not reasonably be expected to prevent, materially delay, or materially impair the ability of the Investor to consummate the Closing.

(e) **ODI Approval.** All of the consents from, and filings and/or registrations with, applicable governmental authority as required by applicable PRC laws for the Investor's outbound direct investment in the Issuer shall have been duly obtained and completed.

3.2 **Conditions to Closing of the Investor.** The Investor's obligation to subscribe for and purchase the Shares at the Closing is subject to the fulfillment or (to the extent permitted by applicable law) written waiver, on or prior to the Closing Date, of each of the following conditions:

The Issuer shall have performed, satisfied and complied in all material respects with all covenants, agreements and conditions required by this Subscription Agreement to be performed, satisfied or complied with by it at or prior to the Closing, except where the failure of such performance or compliance would not or would not reasonably be expected to prevent, materially delay, or materially impair the ability of the Issuer to consummate the Closing.
- (e) Transaction Agreement. The terms of the Transaction Agreement (including the conditions thereto) shall not have been amended or waived in a manner that materially and adversely affect the economic benefits the Investor reasonably expects to receive under this Subscription Agreement.
- (f) ODI Approval. All of the consents from, and filings and/or registrations with, applicable governmental authority as required by applicable PRC laws for the Investor's outbound direct investment in the Issuer shall have been duly obtained and completed.

4. Representations, Warranties and Agreements.

4.1 Issuer's Representations, Warranties and Agreements. The Issuer hereby represents and warrants to the Investor as follows:

- (a) The Issuer is an exempted company duly incorporated, validly existing and in good standing under the laws of the Cayman Islands. - (d) The issuance and sale of the Shares and the compliance by the Issuer with all of the provisions of this Subscription Agreement and the consummation of the transactions contemplated herein, will not (i) conflict with or result in a breach or violation of any of the terms or provisions of, or constitute a default under, or result in the creation or imposition of any lien, charge or encumbrance upon any of the property or assets of the Issuer pursuant to the terms of any indenture, mortgage, deed of trust, loan agreement, lease, license or other agreement or instrument to which the Issuer is a party or by which the Issuer is bound or to which any of the property or assets of the Issuer is subject, which would reasonably be expected to have a material adverse effect on the ability of the Issuer to enter into and timely perform its obligations under this Subscription Agreement (a "Material Adverse Effect"), (ii) result in any violation of the provisions of the organizational documents of the Issuer or (iii) result in any violation of any statute or any judgment, order, rule or regulation of any court or governmental agency or body, domestic or foreign, having jurisdiction over the Issuer or any of its properties that would reasonably be expected to have a Material Adverse Effect.
- (e) Assuming the accuracy of the Investor's representations and warranties set forth in Section 4.2, in connection with the offer, sale and delivery of the Shares in the manner contemplated by this Subscription Agreement, no registration under the Securities Act of 1933, as amended (the "Securities Act") is required for the offer and sale of the Shares by the Issuer to the Investor.
- (f) Neither the Issuer nor anyone acting on its behalf has offered the Shares or any similar securities for sale to, or solicited any offer to buy any of the same from, or otherwise approached or negotiated in respect thereof with, any person other than the PIPE Investors and other Institutional Accredited Investors, each of which has been offered the Shares at a private sale for investment. "Institutional Accredited Investor" means an institutional accredited investor as defined in Rule 501(a)(1), (2), (3) or (7) under the Securities Act.
- (g) None of the Issuer nor any of its affiliates has offered the Shares or any similar securities during the six months prior to the date hereof to anyone other than the PIPE Investors. The Issuer has no intention to offer the Shares or any similar security during the six months from the date hereof (which, for the avoidance of doubt, does not include the offer or issuance of the Shares to any PIPE Investors in accordance with the applicable Subscription Agreements).
- (h) Neither the Issuer nor any person acting on its behalf has offered or sold the Shares by any form of general solicitation or general advertising, including, but not limited to, the following: (i) any advertisement, article, notice or other communication published in any newspaper, magazine, or similar media or broadcast over television or radio; (ii) any website posting or widely distributed e-mail; or (iii) any seminar or meeting whose attendees have been invited by any general solicitation or general advertising.
- (i) Other than Credit Suisse Securities (USA) LLC ("Credit Suisse") or Deutsche Bank AG, Hong Kong Branch (together with Credit Suisse, the "Placement Agents"), the Issuer has not dealt with any broker, finder, commission agent, placement agent or arranger in connection with the sale of the Shares and the transactions contemplated by this Subscription Agreement (the "Subscription") and the other Subscription Agreements, and the Issuer is not under any obligation to pay any broker's fee or commission in connection with such transactions other than to the Placement Agents. Neither the Issuer nor any of its affiliates nor any other person acting on its behalf (other than its officers acting in such capacity) has solicited offers for, or offered or sold, the Shares through any broker, finder, commission agent, placement agent or arranger other than the Placement Agents.

4.2 Investor's Representations, Warranties and Agreements. The Investor hereby represents and warrants to the Issuer and acknowledges as follows:

- (a) The Investor (i) is a "qualified institutional buyer" (as defined in Rule 144A under the Securities Act) or an institutional "accredited investor" (within the meaning of Rule 501(a) under the Securities Act), in each case, satisfying the applicable requirements set forth on Schedule II, (ii) is acquiring the Shares only for its own account and not for the account of others, or if the Investor is subscribing for the Shares as a fiduciary or agent for one or more investor accounts, each owner of such account is a "qualified institutional buyer" or an institutional "accredited investor" and the Investor has full investment discretion with respect to each such account, and the full power and authority to make the acknowledgements, representations, and agreements herein on behalf of each owner of each such account, and (iii) is not acquiring the Shares with a view to, or for offer or sale in connection with, any distribution thereof in violation of the Securities Act or any other securities laws (and shall provide the requested information on Schedule II). The Investor is not an entity formed for the specific purpose of acquiring the Shares and is an "institutional account" as defined by FINRA Rule 4512(c). The information provided by Investor on Schedule II is true and correct in all respects. The purchase of the Shares by the Investor has not been solicited by or through anyone other than the Issuer or the Placement Agents.

- (b) The Investor acknowledges and agrees that the Shares are being offered in a transaction not involving any public offering within the meaning of the Securities Act and, that the Shares have not been registered under the Securities Act and the Issuer is not required to register the Shares except as set forth in Section 5. The Investor acknowledges and agrees that the Shares may not be offered, resold, transferred, pledged or otherwise disposed of by the Investor absent an effective registration statement under the Securities Act, except (i) to the Issuer or a subsidiary thereof, (ii) to non-U.S. persons pursuant to offers and sales that occur solely outside the United States within the meaning of Regulation S under the Securities Act or (iii) pursuant to another applicable exemption from the registration requirements of the Securities Act, and, in each case, in accordance with any applicable securities laws of the states of the United States and other applicable jurisdictions. The Investor further represents and warrants that it will not sell, transfer or otherwise dispose of the Shares or any interest therein except in a registered transaction or in a transaction exempt from or not subject to the registration requirements of the Securities Act, and that any certificates representing the Shares shall contain a restrictive legend to the following effect:

THIS SECURITY HAS BEEN ACQUIRED FOR INVESTMENT AND WITHOUT A VIEW TO DISTRIBUTION AND HAS NOT BEEN REGISTERED UNDER THE SECURITIES ACT OF 1933 (THE "ACT"), OR UNDER STATE SECURITIES LAWS. NO TRANSFER, SALE, ASSIGNMENT, PLEDGE, HYPOTHECATION OR OTHER DISPOSITION OF THIS SECURITY OR ANY INTEREST OR PARTICIPATION THEREIN MAY BE MADE EXCEPT (A) PURSUANT TO AN EFFECTIVE REGISTRATION STATEMENT UNDER THE ACT OR (B) PURSUANT TO AN EXEMPTION FROM REGISTRATION UNDER THE ACT AND APPLICABLE STATE SECURITIES LAWS AND, IN THE CASE OF CLAUSE (B), UNLESS THE ISSUER RECEIVES AN OPINION OF COUNSEL IN FORM AND SUBSTANCE SATISFACTORY TO THE ISSUER TO THE EFFECT THAT REGISTRATION IS NOT REQUIRED UNDER THE ACT AND APPLICABLE STATE SECURITIES LAWS. IN ADDITION, ANY SUCH TRANSFER OR OTHER DISPOSITION IS SUBJECT TO THE CONDITIONS CONTAINED IN A SUBSCRIPTION AGREEMENT, DATED [●]. A COPY OF SUCH CONDITIONS WILL BE PROVIDED TO THE HOLDER HEREOF UPON REQUEST.

- (c) The Investor acknowledges and agrees that the Shares will be subject to transfer restrictions and, as a result of these transfer restrictions, the Investor may not be able to readily offer, resell, transfer, pledge or otherwise dispose of the Shares and may be required to bear the financial risk of an investment in the Shares for an indefinite period of time. The Investor acknowledges and agrees that the Shares will not be eligible for offer, resale, transfer, pledge or disposition pursuant to Rule 144 promulgated under the Securities Act until at least one year from the Closing Date. The Investor acknowledges and agrees that it has been advised to consult legal counsel and tax and accounting advisors prior to making any offer, resale, transfer, pledge or disposition of any of the Shares.

5

- (d) The Investor acknowledges and agrees that the Investor is purchasing the Shares directly from the Issuer. The Investor further acknowledges that there have been no representations, warranties, covenants and agreements made to the Investor by or on behalf of the Issuer, any of its affiliates or any control persons, officers, directors, employees, partners, agents or representatives of any of the foregoing or any other person or entity, expressly or by implication, other than those representations, warranties, covenants and agreements of the Issuer expressly set forth in Section 4.1 of this Subscription Agreement.
- (e) The Investor acknowledges and agrees that the Investor has (i) received, reviewed and understood the offering materials made available to it in connection with the Subscription, (ii) had the opportunity to ask questions of and receive answers from the Issuer directly and to obtain any additional information which the Issuer possesses or can acquire without unreasonable effort or expense, and (iii) conducted and completed its own independent due diligence with respect to the Subscription. Except for the representations, warranties and agreements of the Issuer expressly set forth in this Subscription Agreement, the Investor is relying exclusively on its own sources of information, investment analysis and due diligence (including professional advice it may deem appropriate) with respect to the Subscription, the Shares and the business, condition (financial and otherwise), management, operations, properties and prospects of the Issuer, including but not limited to all business, legal, regulatory, accounting, credit and tax matters.
- (f) The Investor became aware of this offering of the Shares solely by means of direct contact between the Investor, on one hand, and the Issuer or a representative of the Issuer, on the other hand, and the Shares were offered to the Investor solely by such direct contact. The Investor did not become aware of this offering of the Shares, nor were the Shares offered to the Investor, by any other means. The Investor acknowledges that the Shares (i) were not offered by any form of general solicitation or general advertising and (ii) are not being offered in a manner involving a public offering under, or in a distribution in violation of, the Securities Act, or any state securities laws. The Investor acknowledges that it is not relying upon, and has not relied upon, any statement, representation or warranty made by any person, firm or corporation (including, without limitation, the Issuer, any of its affiliates or any control persons, officers, directors, employees, partners, agents or representatives of any of the foregoing), other than the representations and warranties of the Issuer contained in Section 4.1 of this Subscription Agreement, in making its investment or decision to invest in the Issuer.
- (g) The Investor acknowledges that it is aware that there are substantial risks incident to the purchase and ownership of the Shares, including those set forth in the Issuer's and SPAC's respective filings with the SEC. The Investor has such knowledge and experience in financial and business matters as to be capable of evaluating the merits and risks of an investment in the Shares, and the Investor has sought such accounting, legal and tax advice as the Investor has considered necessary to make an informed investment decision and the Investor has made its own assessment and has satisfied itself concerning relevant tax and other economic considerations relative to its purchase of the Shares.
- (h) Alone, or together with any professional advisor(s), the Investor has adequately analyzed and fully considered the risks of an investment in the Shares and determined that the Shares are a suitable investment for the Investor and that the Investor is able at this time and in the foreseeable future to bear the economic risk of a total loss of the Investor's investment in the Issuer. The Investor acknowledges specifically that a possibility of total loss exists.
- (i) The Investor acknowledges that certain information provided to the Investor was based on projections, and such projections were prepared based on assumptions and estimates that are inherently uncertain and are subject to a wide variety of significant business, economic and competitive risks and uncertainties that could cause actual results to differ materially from those contained in the projections.
- (j) The Investor acknowledges and agrees that no federal or state agency has passed upon or endorsed the merits of the offering of the Shares or made any findings or determination as to the fairness of this investment.

6

- (k) The Investor has been duly formed or incorporated and is validly existing and, where such concept is recognized, in good standing under the laws of its jurisdiction of formation or incorporation, with power and authority to enter into, deliver and perform its obligations under this Subscription Agreement.
- (l) The execution, delivery and performance by the Investor of this Subscription Agreement are within the powers of the Investor, have been duly authorized and will not constitute or result in a breach or default under or conflict with any order, ruling or regulation of any court or other tribunal or of any governmental commission or agency, or any agreement or other undertaking, to which the Investor is a party or by which the Investor is bound, and, if the Investor is not an individual, will not violate any provisions of the Investor's organizational documents, including, without limitation, its incorporation or formation papers, bylaws, indenture of trust or partnership or operating agreement, as may be applicable. The signature of the Investor on this Subscription Agreement is genuine, and the signatory has been duly authorized to execute the same, and, assuming that this Subscription Agreement constitutes the valid and binding obligation of the Issuer, this Subscription Agreement constitutes a legal, valid and binding obligation of the Investor, enforceable against the Investor in accordance with its terms except as may be limited or otherwise affected by (i) bankruptcy, insolvency, fraudulent conveyance, reorganization, moratorium or other laws relating to or affecting the rights of creditors generally, and (ii) principles of equity, whether considered at law or equity.

- (m) Neither the Investor, nor any of its officers, directors, managers, managing members, general partners or any other person acting in a similar capacity or carrying out a similar function, is (i) a person or entity named on the Specially Designated Nationals and Blocked Persons List administered by the U.S. Treasury Department's Office of Foreign Assets Control ("OFAC") or in any Executive Order issued by the President of the United States and administered by OFAC, or a person or entity prohibited by any OFAC Sanctions program, or any similar list of sanctioned persons administered by the European Union, United Nations Security Council, Switzerland or the United Kingdom (collectively, "Sanctions Lists"); (ii) directly or indirectly, owned or controlled by, or acting on behalf of, one or more persons that are named on the Sanctions Lists; (iii) organized, incorporated, established, located, resident or born in, or a citizen, national or the government, including any political subdivision, agency or instrumentality thereof, of, Cuba, Iran, North Korea, Syria, the Crimea, the so-called Donetsk and Luhansk People's Republic region of Ukraine or any other country or territory embargoed or subject to substantial trade restrictions by the United States, the European Union, United Nations Security Council, Switzerland or the United Kingdom, or (iv) a Designated National as defined in the Cuban Assets Control Regulations, 31 C.F.R. Part 515; or (v) a non-U.S. shell bank or providing banking services indirectly to a non-U.S. shell bank (each, a "Prohibited Investor"). The Investor agrees to provide law enforcement agencies, if requested thereby, such records as required by applicable law; provided that the Investor is permitted to do so under applicable law. If the Investor is a financial institution subject to the Bank Secrecy Act (31 U.S.C. Section 5311 et seq.), as amended by the USA PATRIOT Act of 2001, and its implementing regulations (collectively, the "BSA/PATRIOT Act"), the Investor maintains policies and procedures reasonably designed to comply with applicable obligations under the BSA/PATRIOT Act. To the extent required, it maintains policies and procedures reasonably designed to ensure compliance with sanctions programs administered by the United States, the European Union and the United Kingdom. To the extent required by applicable law, the Investor maintains policies and procedures reasonably designed to ensure that the funds held by the Investor and used to purchase the Shares were legally derived and were not obtained, directly or indirectly, from a Prohibited Investor.
- (n) If the Investor is or is acting on behalf of an employee benefit plan that is subject to Title I of the Employee Retirement Income Security Act of 1974, as amended ("ERISA"), a plan, an individual retirement account or other arrangement that is subject to section 4975 of the Internal Revenue Code of 1986 (the "Code"), or an employee benefit plan that is a governmental plan (as defined in section 3(32) of ERISA), a church plan (as defined in section 3(33) of ERISA), a non-U.S. plan (as described in section 4(b)(4) of ERISA) or other plan that is not subject to the foregoing but may be subject to provisions under any other federal, state, local, non-U.S. or other laws or regulations that are similar to such provisions of ERISA or the Code ("Similar Law"), or an entity whose underlying assets are considered to include "plan assets" of any such plan, account or arrangement (each, a "Plan") subject to the fiduciary or prohibited transaction provisions of ERISA or section 4975 of the Code, the Investor represents and warrants that (i) none of the Issuer or any of its affiliates (the "Transaction Parties") has provided investment advice or otherwise acted as the Plan's fiduciary, with respect to its decision to acquire and hold the Shares, and none of the Transaction Parties is or shall at any time be the Plan's fiduciary with respect to any decision to acquire, continue to hold or transfer the Shares and (ii) its purchase of the Shares will not result in a non-exempt prohibited transaction under Section 406 of ERISA or Section 4975 of the Code, or any applicable Similar Law.

7

- (o) Except as expressly disclosed in a Schedule 13D or Schedule 13G (or amendments thereto) filed by the Investor with the SEC with respect to the beneficial ownership of SPAC's ordinary shares prior to the date hereof (if applicable), the Investor is not currently (and at all times through Closing will refrain from being or becoming) a member of a "group" (within the meaning of Section 13(d)(3) or Section 14(d)(2) of the Securities Exchange Act of 1934, as amended (the "Exchange Act")) acting for the purpose of acquiring, holding or disposing of equity securities of SPAC (within the meaning of Rule 13d-5(b)(1) under the Exchange Act).
- (p) The Investor has or has commitments to have and, when required to deliver payment to the Issuer pursuant to [Section 2](#), will have, sufficient funds to pay the Subscription Amount and consummate the purchase and sale of the Shares pursuant to this Subscription Agreement.
- (q) The Investor does not have, as of the date hereof, and during the 30-day period immediately prior to the date hereof, the Investor has not entered into, any "put equivalent position" as such term is defined in Rule 16a-1 under the Exchange Act or end of day short sale positions with respect to the securities of SPAC.
- (r) No broker, finder or other financial consultant is acting on the Investor's behalf in connection with this Subscription Agreement or the transactions contemplated hereby in such a way as to create any liability of the Issuer for the payment of any fees, costs, expenses or commissions.
- (s) The Investor agrees that, from the date of this Subscription Agreement until the Closing Date (or earlier termination of this Subscription Agreement), none of the Investor or any person or entity acting on behalf of the Investor or pursuant to any understanding with the Investor will engage in any Short Sales (as defined below) with respect to securities of the Issuer or SPAC. For purpose of this [Section 4.2\(s\)](#), "Short Sales" shall mean all "short sales" as defined in Rule 200 of Regulation SHO under the Exchange Act and all types of direct and indirect share pledges (other than pledges in the ordinary course of business as part of prime brokerage arrangements), forward sale contracts, options, puts, calls, swaps and similar arrangements (including on a total return basis), and sales and other short transactions through non-U.S. broker dealers or foreign regulated brokers. Notwithstanding the foregoing, (i) the restrictions in this [Section 4.2\(s\)](#) shall not apply to any sale of securities of the Issuer or SPAC (A) held by the Investor or any person or entity acting on behalf of the Investor prior to the execution of this Subscription Agreement or (B) purchased by the Investor or any person or entity acting on behalf of the Investor in an open market transaction after the execution of this Subscription Agreement. Further, notwithstanding the foregoing, (ii) nothing herein shall prohibit other entities under common management with the Investor that have no knowledge of this Subscription Agreement or of the Investor's subscription of the Shares (including the Investor's controlled affiliates and/or affiliates) from entering into any Short Sales and (iii) in the case of an Investor that is a multi-managed investment bank or vehicle whereby separate portfolio managers manage separate portions of such Investor's assets and the portfolio managers have no knowledge of the investment decisions made by the portfolio managers managing other portions of such Investor's assets, the limitations set forth in the first sentence of this [Section 4.2\(s\)](#) shall only apply with respect to the portion of assets managed by the portfolio manager that made the investment decision to purchase the Shares covered by this Subscription Agreement (the "Investing Portfolio Manager") and other portfolio managers or desks who have direct knowledge of the investment decisions made by the Investing Portfolio Manager.

5. **Registration Rights**

- 5.1 The Issuer agrees that, within [thirty (30)] / [forty five (45)] calendar days after the Closing Date, it will file with the SEC (at the Issuer's sole cost and expense) a registration statement registering the resale of the Shares (the "Registration Statement"), and it shall use its commercially reasonable efforts to have the Registration Statement declared effective as soon as practicable after the filing thereof; provided, however, that the Issuer's obligations to include such shares in the Registration Statement are contingent upon Investor furnishing in writing to the Issuer such information regarding Investor, the securities of the Issuer beneficially owned by Investor and the intended method of disposition of the Shares as shall be reasonably requested by the Issuer to effect the registration of the Shares, and Investor shall execute such documents in connection with such registration as the Issuer may reasonably request that are customary of a selling shareholder in similar situations, including providing that the Issuer shall be entitled to postpone and suspend the effectiveness or use of the Registration Statement as permitted hereunder.
- 5.2 The Issuer agrees to, except for such times as the Issuer is permitted hereunder to suspend the use of the prospectus forming part of a Registration Statement, use its commercially reasonable efforts to cause such Registration Statement, or another shelf registration statement that includes the Shares to be issued pursuant to this Subscription Agreement, to remain effective until the earliest of (i) the second anniversary of the Closing, (ii) the date on which the Investor ceases to hold any Shares issued pursuant to this Subscription Agreement, or (iii) on the first date on which the Investor is able to sell all of its Shares issued pursuant to this Subscription Agreement (or shares received in exchange therefor) under Rule 144 promulgated under the Securities Act ("Rule 144") without the public information, volume or manner of sale limitations of such rule (such date, the "End Date").
- 5.3 Prior to the End Date, the Issuer will use commercially reasonable efforts to qualify the Shares for listing on the applicable stock exchange. The Investor agrees to disclose its ownership to the Issuer upon request to assist it in making the determination with respect to Rule 144 described in clause (iii) of [Section 5.2](#) above. The Issuer may amend the Registration Statement so as to convert the Registration Statement to a Registration Statement on Form F-3 at such time after the Issuer becomes eligible to use such Form F-3. The Investor acknowledges and agrees that the Issuer may suspend the use of any such registration statement if it determines that in order for such registration statement not to contain a material misstatement or omission, an amendment thereto would be needed to include information that would at that time not otherwise be required in a current, quarterly, or annual report under the Exchange Act.
- 5.4 Notwithstanding the foregoing, if the SEC prevents the Issuer from including any or all of the shares proposed to be registered under the Registration Statement due to limitations on the use of Rule 415 of the Securities Act for the resale of the Shares by the applicable shareholders or otherwise, such Registration Statement shall register for resale such number of Shares which is equal to the maximum number of Shares as is permitted by the SEC. In such event, the number of Shares to be registered shall be reduced (a) firstly, pro rata among all the selling shareholders other than the PIPE Investors; and (b) secondly, only if the number of Shares to be registered for the selling shareholders other than the PIPE Investors has been reduced to zero, pro rata among the PIPE Investors, and the Issuer shall use its commercially reasonable efforts to file with the SEC, as promptly as practicable and as allowed by the SEC, one or more registration statements to register the resale of those Shares that were not registered on the initial Registration Statement, as so amended.

5.5 Notwithstanding anything to the contrary in this Subscription Agreement, the Issuer shall be entitled to delay or postpone the effectiveness of the Registration Statement, and from time to time to require the Investor not to sell under the Registration Statement or to suspend the effectiveness thereof, if (a) the use of the Registration Statement would require the inclusion of financial statements that are unavailable for reasons beyond the Issuer's control, (b) the Issuer determines that in order for the Registration Statement to not contain a material misstatement or omission, (i) an amendment thereto would be needed to include information that would at that time not otherwise be required in a current, quarterly, or annual report under the Exchange Act or (ii) the negotiation or consummation of a transaction by the Issuer or its subsidiaries is pending or an event has occurred, which negotiation, consummation or event that the Issuer reasonably believes would require additional disclosure by the Issuer in the Registration Statement of material information that the Issuer has a bona fide business purpose for keeping confidential and the non-disclosure of which in the Registration Statement would be expected, in the reasonable determination of the Issuer's board of directors to cause the Registration Statement to fail to comply with applicable disclosure requirements (each such circumstance, a "Suspension Event"). Upon receipt of any written notice from the Issuer of the happening of any Suspension Event during the period that the Registration Statement is effective or if as a result of a Suspension Event the Registration Statement or related prospectus contains any untrue statement of a material fact or omits to state any material fact required to be stated therein or necessary to make the statements therein, in light of the circumstances under which they were made (in the case of the prospectus) not misleading, the Investor agrees that (i) it will immediately discontinue offers and sales of the Shares under the Registration Statement (excluding, for the avoidance of doubt, sales conducted pursuant to Rule 144) until the Investor receives copies of a supplemental or amended prospectus that corrects the misstatement(s) or omission(s) referred to above and receives notice that any post-effective amendment has become effective or unless otherwise notified by the Issuer that it may resume such offers and sales; provided, for the avoidance of doubt, that the Issuer shall not include any material non-public information in any such written notice. If so directed by the Issuer, the Investor will deliver to the Issuer or destroy all copies of the prospectus covering the Shares in the Investor's possession.

9

5.6 Indemnification.

- (a) The Issuer agrees to indemnify and hold harmless, to the extent permitted by law, the Investor, its directors, and officers, employees, and agents, and each person who controls the Investor (within the meaning of the Securities Act or the Exchange Act) from and against any and all losses, claims, damages, liabilities and reasonable and documented out-of-pocket expenses (including, without limitation, any reasonable and documented attorneys' fees and expenses incurred in connection with defending or investigating any such action or claim) caused by any untrue or alleged untrue statement of a material fact contained in any Registration Statement, prospectus included in any Registration Statement or preliminary prospectus or any amendment thereof or supplement thereto or any omission or alleged omission of a material fact required to be stated therein or necessary to make the statements therein not misleading, except insofar as the same are caused by or contained in any information furnished in writing to the Issuer by or on behalf of the Investor expressly for use therein or such Investor has omitted a material fact from such information or otherwise violated the Securities Act, Exchange Act or any state securities law or any other law, rule or regulation thereunder; provided, however, that the indemnification contained in this Section 5.6(a) shall not apply to amounts paid by the Investor in settlement of any losses, claims, damages, liabilities or out-of-pocket expenses if such settlement is effected without the consent of the Issuer. In no event shall the liability of the Issuer be greater in amount than the dollar amount received by the Issuer under this Subscription Amount.
- (b) In connection with any Registration Statement in which an Investor is participating, the Investor agrees to indemnify and hold harmless the Issuer, its directors and officers and agents and each person who controls the Issuer (within the meaning of the Securities Act) against any losses, claims, damages, liabilities and expenses (including, without limitation, reasonable and documented attorneys' fees) resulting from any untrue statement of material fact contained in the Registration Statement, prospectus or preliminary prospectus or any amendment thereof or supplement thereto or any omission of a material fact required to be stated therein or necessary to make the statements therein not misleading, but only to the extent that such untrue statement or omission is contained (or not contained, in the case of an omission) in any information or affidavit so furnished in writing by or on behalf of the Investor expressly for use therein; provided, however, that the liability of the Investor shall be several and not joint with any Other PIPE Investor and in no event shall the liability of the Investor be greater in amount than the dollar amount of the net proceeds received by the Investor upon the sale of the Shares purchased pursuant to this Subscription Agreement giving rise to such indemnification obligation.
- (c) Any person entitled to indemnification herein shall (i) give prompt written notice to the indemnifying party of any claim with respect to which it seeks indemnification (provided that the failure to give prompt notice shall not impair any person's right to indemnification hereunder to the extent such failure has not prejudiced the indemnifying party) and (ii) permit such indemnifying party to assume the defense of such claim with counsel it elects in its sole discretion. If such defense is assumed, the indemnifying party will not be liable to the indemnified party for any legal or other expenses incurred by the indemnified party and shall not be subject to any liability for any settlement made by the indemnified party without its consent. An indemnifying party who elects not to assume the defense of a claim shall not be obligated to pay the fees and expenses of more than one counsel for all parties indemnified by such indemnifying party with respect to such claim, unless in the reasonable judgment of legal counsel to any indemnified party a conflict of interest exists between such indemnified party and any other of such indemnified parties with respect to such claim. No indemnifying party shall, without the consent of the indemnified party, consent to the entry of any judgment or enter into any settlement which cannot be settled in all respects by the payment of money (and such money is so paid by the indemnifying party pursuant to the terms of such settlement) or which settlement does not include as an unconditional term thereof the giving by the claimant or plaintiff to such indemnified party of a release from all liability in respect to such claim or litigation.

10

- (d) The indemnification provided for under this Subscription Agreement shall remain in full force and effect regardless of any investigation made by or on behalf of the indemnified party or any officer, director, employee, agent, affiliate or controlling person of such indemnified party and shall survive the transfer of the Shares purchased pursuant to this Subscription Agreement.
- (e) If the indemnification provided under this Section 5.6(e) from the indemnifying party is unavailable or insufficient to hold harmless an indemnified party in respect of any losses, claims, damages, liabilities and expenses referred to herein, then the indemnifying party, in lieu of indemnifying the indemnified party, shall contribute to the amount paid or payable by the indemnified party as a result of such losses, claims, damages, liabilities and expenses in such proportion as is appropriate to reflect the relative fault of the indemnifying party and the indemnified party, as well as any other relevant equitable considerations. The relative fault of the indemnifying party and indemnified party shall be determined by reference to, among other things, whether any action in question, including any untrue or alleged untrue statement of a material fact or omission or alleged omission to state a material fact, was made by, or relates to information supplied by or on behalf of, such indemnifying party or indemnified party, and the indemnifying party's and indemnified party's relative intent, knowledge, access to information and opportunity to correct or prevent such action. The amount paid or payable by a party as a result of the losses or other liabilities referred to above shall be deemed to include, subject to the limitations set forth above, any legal or other fees, charges or expenses reasonably incurred by such party in connection with any investigation or proceeding. No person guilty of fraudulent misrepresentation (within the meaning of Section 11(f) of the Securities Act) shall be entitled to contribution pursuant to this Section 5.6(e) from any person who was not guilty of such fraudulent misrepresentation. Any contribution pursuant to this Section 5.6(e) by any seller of Shares shall be limited in amount to the amount of net proceeds received by such seller from the sale of such Shares pursuant to the Registration Statement. Notwithstanding anything to the contrary herein, in no event will any party be liable for consequential, special, exemplary or punitive damages in connection with this Subscription Agreement.

6. Termination. This Subscription Agreement shall terminate and be void and of no further force and effect, and all rights and obligations of the parties hereunder shall terminate without any further liability on the part of any party in respect thereof, upon the earliest to occur of (a) such date and time as the Transaction Agreement is terminated in accordance with its terms without being consummated, (b) upon the mutual written agreement of each of the parties hereto to terminate this Subscription Agreement, and (c) March 15, 2024; provided that nothing herein will relieve any party from liability for any willful breach hereof prior to the time of termination, and each party will be entitled to any remedies at law or in equity to recover losses, liabilities or damages arising from any such willful breach. The Issuer shall notify the Investor in writing of the termination of the Transaction Agreement promptly after the termination of such agreement. Upon the termination of this Subscription Agreement in accordance with this Section 6, any monies paid by the Investor to the Issuer in connection herewith shall be promptly (and in any event within two (2) business days after such termination) returned to the Investor.

11

7. Miscellaneous.

- 7.1 **Assignment.** Neither this Subscription Agreement nor any rights, interests or obligations that may accrue to the parties hereunder (other than the Shares acquired hereunder, if any) may be transferred or assigned without the prior written consent of the Issuer, other than (a) an assignment to any fund or account managed by the same investment manager as the Investor or by a controlled affiliate (as defined in Rule 12b-2 of the Exchange Act) thereof, and (b) an assignment of the Investor's rights under Section 5 to an assignee or transferee of the Shares; provided that prior to such assignment or transfer any such assignee or transferee shall agree in writing to be bound by the terms hereof, and, if the Issuer so requests, any such assignee or transferee shall deliver to the Issuer an opinion of counsel in form and substance reasonably satisfactory to the Issuer to the effect that registration under the Securities Act is not required in connection with such assignment; provided, further, that no assignment pursuant to the foregoing terms shall relieve the Investor of its obligations hereunder.

- 7.5 **Modifications and Amendments.** This Subscription Agreement may not be modified, waived or terminated (other than pursuant to the terms of Section 6 above) except by an instrument in writing, signed by each of the parties hereto. No failure or delay of either party in exercising any right or remedy hereunder shall operate as a waiver thereof, nor shall any single or partial exercise of any such right or power, or any abandonment or discontinuance of steps to enforce such right or power, or any course of conduct, preclude any other or further exercise thereof or the exercise of any other right or power. The rights and remedies of the parties hereunder are cumulative and are not exclusive of any rights or remedies that they would otherwise have hereunder.
- 7.6 **Entire Agreement.** This Subscription Agreement (including the schedule hereto) constitutes the entire agreement, and supersedes all other prior agreements, understandings, representations and warranties, both written and oral, among the parties, with respect to the subject matter hereof. Except as set forth in Section 5.6 and Section 7.3(a), with respect to the persons specifically referenced therein, this Subscription Agreement shall not confer any rights or remedies upon any person other than the parties hereto, and their respective successors and assigns.
- 7.7 **Benefit.** Except as otherwise provided herein, this Subscription Agreement shall be binding upon, and inure to the benefit of the parties hereto and their heirs, executors, administrators, successors, legal representatives, and permitted assigns, and the agreements, representations, warranties, covenants and acknowledgments contained herein shall be deemed to be made by, and be binding upon, such heirs, executors, administrators, successors, legal representatives and permitted assigns.
- 7.8 **Severability.** If any provision of this Subscription Agreement shall be adjudicated by a court of competent jurisdiction to be invalid, illegal or unenforceable, the validity, legality or enforceability of the remaining provisions of this Subscription Agreement shall not in any way be affected or impaired thereby and shall continue in full force and effect.
- 7.9 **Transaction Expenses.** Each party shall pay all of its own costs and expenses incurred in anticipation of, relating to and in connection with the negotiation and execution of this Subscription Agreement and the transactions contemplated hereby, whether or not such transactions are consummated.
- 7.10 **Counterparts.** This Subscription Agreement may be executed in one or more counterparts (including by facsimile or electronic mail or in .pdf) and by different parties in separate counterparts, with the same effect as if all parties hereto had signed the same document. All counterparts so executed and delivered shall be construed together and shall constitute one and the same agreement.
- 7.11 **Remedies.** The parties hereto acknowledge and agree that irreparable damage would occur in the event that any of the provisions of this Subscription Agreement were not performed in accordance with their specific terms or were otherwise breached. It is accordingly agreed that the parties shall be entitled to an injunction or injunctions to prevent breaches of this Subscription Agreement, without posting a bond or undertaking and without proof of damages, to enforce specifically the terms and provisions of this Subscription Agreement, this being in addition to any other remedy to which such party is entitled at law, in equity, in contract, in tort or otherwise. The parties hereto acknowledge and agree that it may be difficult to prove damages with reasonable certainty, that it may be difficult to procure suitable substitute performance, and that injunctive relief and/or specific performance will not cause an undue hardship to the parties hereto. The parties hereto further acknowledge that the existence of any other remedy contemplated by this Subscription Agreement does not diminish the availability of specific performance of the obligations hereunder or any other injunctive relief. Each party hereto further agrees that in the event of any action by the other party for specific performance or injunctive relief, it will not assert that a remedy at law or other remedy would be adequate or that specific performance or injunctive relief in respect of such breach or violation should not be available on the grounds that money damages are adequate or any other grounds.
-

- 7.13 **Governing Law.** This Subscription Agreement, and any claim or cause of action hereunder based upon, arising out of or related to this Subscription Agreement (whether based on law, in equity, in contract, in tort or any other theory) or the negotiation, execution, performance or enforcement of this Subscription Agreement, shall be governed by and construed in accordance with the laws of the State of New York, without giving effect to the principles of conflicts of laws that would otherwise require the application of the law of any other state.

7.14 Consent to Jurisdiction; Waiver of Jury Trial. Any proceeding or action based upon, arising out of or related to this Subscription Agreement or the transactions contemplated hereby must be referred to and finally settled by arbitration administered by the Hong Kong International Arbitration Centre (the "HKIAC") under the HKIAC Administered Arbitration Rules in force at the time of commencement of the arbitration. - 4.2 Following the delivery of the Closing Notice by the Issuer to the Investor and, prior to the payment of the Subscription Amount by the Investor to the escrow bank, in each case, pursuant to Section 2, the WFOE shall, and the Issuer shall cause the WFOE to, return the Deposit (plus any interest accrued thereon) to the Investor or its designee(s) in full.

3

- 4.3 If (a) Section 3.1(e) and Section 3.2(f) fail to be satisfied or waived on or prior to the date on which the Issuer delivers the Closing Notice and (b) the Investor has not completed transfer or assignment of its rights, interests and obligations under this Subscription Agreement to a person not subject to the ODI Approvals pursuant to Section 8.1, the Issuer shall notify the Investor in writing that this Subscription Agreement be terminated with immediate effect, and the WFOE shall, and the Issuer shall cause the WFOE to, return the Deposit (plus any interest accrued thereon) to the Investor or its designee(s) in full within five (5) Business Days following the Investor's receipt of such written notice.

5. **Representations, Warranties and Agreements.**

- 5.1 Issuer's Representations, Warranties and Agreements. The Issuer hereby represents and warrants to the Investor as follows:

- (a) The Issuer is an exempted company duly incorporated, validly existing and in good standing under the laws of the Cayman Islands. The Issuer has all power (corporate or otherwise) and authority to own, lease and operate its properties and conduct its business as presently conducted and to enter into, deliver and perform its obligations under this Subscription Agreement.
- (b) At the Closing, subject to the receipt of the Subscription Amount in accordance with the terms of this Subscription Agreement and registration on the Issuer's register of members, the Shares will be duly authorized, validly issued and allotted and fully paid, free and clear of any liens or other encumbrances (other than those arising under applicable securities laws) and will not have been issued in violation of or subject to any preemptive or similar rights created under the Issuer's organizational documents (as in effect at such time of issuance) or the laws of the Cayman Islands.
- (c) This Subscription Agreement has been duly authorized, executed and delivered by the Issuer and, assuming that this Subscription Agreement constitutes the valid and binding obligation of the Investor, is enforceable against it in accordance with its terms, except as may be limited or otherwise affected by (i) bankruptcy, insolvency, fraudulent conveyance, reorganization, moratorium or other laws relating to or affecting the rights of creditors generally and (ii) principles of equity, whether considered at law or equity.
- (d) The issuance and sale of the Shares and the compliance by the Issuer with all of the provisions of this Subscription Agreement and the consummation of the transactions contemplated herein, will not (i) conflict with or result in a breach or violation of any of the terms or provisions of, or constitute a default under, or result in the creation or imposition of any lien, charge or encumbrance upon any of the property or assets of the Issuer pursuant to the terms of any indenture, mortgage, deed of trust, loan agreement, lease, license or other agreement or instrument to which the Issuer is a party or by which the Issuer is bound or to which any of the property or assets of the Issuer is subject, which would reasonably be expected to have a material adverse effect on the ability of the Issuer to enter into and timely perform its obligations under this Subscription Agreement (a "Material Adverse Effect"), (ii) result in any violation of the provisions of the organizational documents of the Issuer or (iii) result in any violation of any statute or any judgment, order, rule or regulation of any court or governmental agency or body, domestic or foreign, having jurisdiction over the Issuer or any of its properties that would reasonably be expected to have a Material Adverse Effect.
- (e) Assuming the accuracy of the Investor's representations and warranties set forth in Section 5.2, in connection with the offer, sale and delivery of the Shares in the manner contemplated by this Subscription Agreement, no registration under the Securities Act of 1933, as amended (the "Securities Act") is required for the offer and sale of the Shares by the Issuer to the Investor.
- (f) None of the Issuer nor any of its affiliates has offered the Shares or any similar securities during the six months prior to the date hereof to anyone other than the PIPE Investors. The Issuer has no intention to offer the Shares or any similar security during the six months from the date hereof.

4

- (g) Neither the Issuer nor any person acting on its behalf has offered or sold the Shares by any form of general solicitation or general advertising, including, but not limited to, the following: (i) any advertisement, article, notice or other communication published in any newspaper, magazine, or similar media or broadcast over television or radio; (ii) any website posting or widely distributed e-mail; or (iii) any seminar or meeting whose attendees have been invited by any general solicitation or general advertising. None of the Issuer, its subsidiaries or their respective affiliates or any person acting on its or their behalf have engaged in any "directed selling efforts" within the meaning of Rule 903 of Regulation S under the Securities Act in connection with the execution of this Agreement.
- (h) Other than Credit Suisse Securities (USA) LLC ("Credit Suisse") or Deutsche Bank AG, Hong Kong Branch (together with Credit Suisse, the "Placement Agents"), the Issuer has not dealt with any broker, finder, commission agent, placement agent or arranger in connection with the sale of the Shares and the transactions contemplated by this Subscription Agreement (the "Subscription") and the other Subscription Agreements, and the Issuer is not under any obligation to pay any broker's fee or commission in connection with such transactions other than to the Placement Agents. Neither the Issuer nor any of its affiliates nor any other person acting on its behalf (other than its officers acting in such capacity) has solicited offers for, or offered or sold, the Shares through any broker, finder, commission agent, placement agent or arranger other than the Placement Agents.

- 5.2 Investor's Representations, Warranties and Agreements. The Investor hereby represents and warrants to the Issuer and acknowledges as follows:

- (a) The Investor (i) is either (A) not a "U.S. Person" as defined in Rule 902 of Regulation S of the Securities Act or (B) a "qualified institutional buyer" (as defined in Rule 144A under the Securities Act) or an institutional "accredited investor" (within the meaning of Rule 501(a) under the Securities Act), in each case, satisfying the applicable requirements set forth on Schedule II, (ii) is acquiring the Shares only for its own account and not for the account of others, or if the Investor is subscribing for the Shares as a fiduciary or agent for one or more investor accounts, each owner of such account is a "qualified institutional buyer" or an institutional "accredited investor" and the Investor has full investment discretion with respect to each such account, and the full power and authority to make the acknowledgements, representations, and agreements herein on behalf of each owner of each such account, and (iii) is not acquiring the Shares with a view to, or for offer or sale in connection with, any distribution thereof in violation of the Securities Act or any other securities laws (and shall provide the requested information on Schedule II). The Investor is not an entity formed for the specific purpose of acquiring the Shares and is an "institutional account" as defined by FINRA Rule 4512(c). The information provided by Investor on Schedule II is true and correct in all respects. The purchase of the Shares by the Investor has not been solicited by or through anyone other than the Issuer or the Placement Agents.
- (b) The Investor acknowledges and agrees that the Shares are being offered in a transaction not involving any public offering within the meaning of the Securities Act and, that the Shares have not been registered under the Securities Act and the Issuer is not required to register the Shares except as set forth in Section 6. The Investor acknowledges and agrees that the Shares may not be offered, resold, transferred, pledged or otherwise disposed of by the Investor absent an effective registration statement under the Securities Act, except (i) to the Issuer or a subsidiary thereof, (ii) to non-U.S. persons pursuant to offers and sales that occur solely outside the United States within the meaning of Regulation S under the Securities Act or (iii) pursuant to another applicable exemption from the registration requirements of the Securities Act, and, in each case, in accordance with any applicable securities laws of the states of the United States and other applicable jurisdictions. The Investor further represents and warrants that it will not sell, transfer or otherwise dispose of the Shares or any interest therein except in a registered transaction or in a transaction exempt from or not subject to the registration requirements of the Securities Act, and that any certificates representing the Shares shall contain a restrictive legend to the following effect:

5

THIS SECURITY HAS BEEN ACQUIRED FOR INVESTMENT AND WITHOUT A VIEW TO DISTRIBUTION AND HAS NOT BEEN REGISTERED UNDER THE SECURITIES ACT OF 1933 (THE "ACT"), OR UNDER STATE SECURITIES LAWS. NO TRANSFER, SALE, ASSIGNMENT, PLEDGE, HYPOTHECATION OR OTHER DISPOSITION OF THIS SECURITY OR ANY INTEREST OR PARTICIPATION THEREIN MAY BE MADE EXCEPT (A) PURSUANT TO AN EFFECTIVE REGISTRATION STATEMENT UNDER THE ACT OR (B) PURSUANT TO AN EXEMPTION FROM REGISTRATION UNDER THE ACT AND APPLICABLE STATE SECURITIES LAWS AND, IN THE CASE OF CLAUSE (B), UNLESS THE ISSUER RECEIVES AN OPINION OF COUNSEL IN FORM AND SUBSTANCE SATISFACTORY TO THE ISSUER TO THE EFFECT THAT REGISTRATION IS NOT REQUIRED UNDER THE ACT AND APPLICABLE STATE SECURITIES LAWS. IN ADDITION, ANY SUCH TRANSFER OR OTHER DISPOSITION IS SUBJECT TO THE CONDITIONS CONTAINED IN A SUBSCRIPTION AGREEMENT, DATED [●]. A COPY OF SUCH CONDITIONS WILL BE PROVIDED TO THE HOLDER HEREOF UPON REQUEST.

- (c) The Investor acknowledges and agrees that the Shares will be subject to transfer restrictions and, as a result of these transfer restrictions, the Investor may not be able to readily offer, resell, transfer, pledge or otherwise dispose of the Shares and may be required to bear the financial risk of an investment in the Shares for an indefinite period of time. The Investor acknowledges and agrees that the Shares will not be eligible for offer, resale, transfer, pledge or disposition pursuant to Rule 144 promulgated under the Securities Act until at least one year from the Closing Date. The Investor acknowledges and agrees that it has been advised to consult legal counsel and tax and accounting advisors prior to making any offer, resale, transfer, pledge or disposition of any of the Shares.
- (d) The Investor acknowledges and agrees that the Investor is purchasing the Shares directly from the Issuer. The Investor further acknowledges that there have been no representations, warranties, covenants and agreements made to the Investor by or on behalf of the Issuer, any of its affiliates or any control persons, officers, directors, employees, partners, agents or representatives of any of the foregoing or any other person or entity, expressly or by implication, other than those representations, warranties, covenants and agreements of the Issuer expressly set forth in Section 5.1 of this Subscription Agreement.
- (e) The Investor acknowledges and agrees that the Investor has (i) received, reviewed and understood the offering materials made available to it in connection with the Subscription, (ii) had the opportunity to ask questions of and receive answers from the Issuer directly and to obtain any additional information which the Issuer possesses or can acquire without unreasonable effort or expense, and (iii) conducted and completed its own independent due diligence with respect to the Subscription. Except for the representations, warranties and agreements of the Issuer expressly set forth in this Subscription Agreement, the Investor is relying exclusively on its own sources of information, investment analysis and due diligence (including professional advice it may deem appropriate) with respect to the Subscription, the Shares and the business, condition (financial and otherwise), management, operations, properties and prospects of the Issuer, including but not limited to all business, legal, regulatory, accounting, credit and tax matters.
- (f) The Investor became aware of this offering of the Shares solely by means of direct contact between the Investor, on one hand, and the Issuer or a representative of the Issuer, on the other hand, and the Shares were offered to the Investor solely by such direct contact. The Investor did not become aware of this offering of the Shares, nor were the Shares offered to the Investor, by any other means. The Investor acknowledges that the Shares (i) were not offered by any form of general solicitation or general advertising and (ii) are not being offered in a manner involving a public offering under, or in a distribution in violation of, the Securities Act, or any state securities laws. The Investor acknowledges that it is not relying upon, and has not relied upon, any statement, representation or warranty made by any person, firm or corporation (including, without limitation, the Issuer, any of its affiliates or any control persons, officers, directors, employees, partners, agents or representatives of any of the foregoing), other than the representations and warranties of the Issuer contained in Section 5.1 of this Subscription Agreement, in making its investment or decision to invest in the Issuer.

6

- (g) The Investor acknowledges that it is aware that there are substantial risks incident to the purchase and ownership of the Shares, including those set forth in the Issuer's and SPAC's respective filings with the SEC. The Investor has such knowledge and experience in financial and business matters as to be capable of evaluating the merits and risks of an investment in the Shares, and the Investor has sought such accounting, legal and tax advice as the Investor has considered necessary to make an informed investment decision and the Investor has made its own assessment and has satisfied itself concerning relevant tax and other economic considerations relative to its purchase of the Shares.
- (h) Alone, or together with any professional advisor(s), the Investor has adequately analyzed and fully considered the risks of an investment in the Shares and determined that the Shares are a suitable investment for the Investor and that the Investor is able at this time and in the foreseeable future to bear the economic risk of a total loss of the Investor's investment in the Issuer. The Investor acknowledges specifically that a possibility of total loss exists.
- (i) The Investor acknowledges that (i) the Issuer currently may have, and later may come into possession of, information regarding the Issuer that is not known to the Investor and that may be material to a decision to enter into this transaction to purchase the Shares ("Excluded Information"), (ii) the Investor has determined to enter into this transaction to purchase the Shares notwithstanding its lack of knowledge of the Excluded Information, and (iii) the Issuer shall have no liability to the Investor, and the Investor hereby to the extent permitted by law waives and releases any claims it may have against the Issuer, with respect to the nondisclosure of the Excluded Information.
- (j) The Investor acknowledges that certain information provided to the Investor was based on projections, and such projections were prepared based on assumptions and estimates that are inherently uncertain and are subject to a wide variety of significant business, economic and competitive risks and uncertainties that could cause actual results to differ materially from those contained in the projections.
- (k) The Investor acknowledges and agrees that no federal or state agency has passed upon or endorsed the merits of the offering of the Shares or made any findings or determination as to the fairness of this investment.
- (l) The Investor has been duly formed or incorporated and is validly existing and, where such concept is recognized, in good standing under the laws of its jurisdiction of formation or incorporation, with power and authority to enter into, deliver and perform its obligations under this Subscription Agreement.

- (m) The execution, delivery and performance by the Investor of this Subscription Agreement are within the powers of the Investor, have been duly authorized and will not constitute or result in a breach or default under or conflict with any order, ruling or regulation of any court or other tribunal or of any governmental commission or agency, or any agreement or other undertaking, to which the Investor is a party or by which the Investor is bound, and, if the Investor is not an individual, will not violate any provisions of the Investor's organizational documents, including, without limitation, its incorporation or formation papers, bylaws, indenture of trust or partnership or operating agreement, as may be applicable. The signature of the Investor on this Subscription Agreement is genuine, and the signatory has been duly authorized to execute the same, and, assuming that this Subscription Agreement constitutes the valid and binding obligation of the Issuer, this Subscription Agreement constitutes a legal, valid and binding obligation of the Investor, enforceable against the Investor in accordance with its terms except as may be limited or otherwise affected by (i) bankruptcy, insolvency, fraudulent conveyance, reorganization, moratorium or other laws relating to or affecting the rights of creditors generally, and (ii) principles of equity, whether considered at law or equity.

7

- (n) Neither the Investor, nor any of its officers, directors, managers, managing members, general partners or any other person acting in a similar capacity or carrying out a similar function, is (i) a person or entity named on the Specially Designated Nationals and Blocked Persons List administered by the U.S. Treasury Department's Office of Foreign Assets Control ("OFAC") or in any Executive Order issued by the President of the United States and administered by OFAC, or a person or entity prohibited by any OFAC Sanctions program, or any similar list of sanctioned persons administered by the European Union, United Nations Security Council, Switzerland or the United Kingdom (collectively, "Sanctions Lists"); (ii) directly or indirectly, owned or controlled by, or acting on behalf of, one or more persons that are named on the Sanctions Lists; (iii) organized, incorporated, established, located, resident or born in, or a citizen, national or the government, including any political subdivision, agency or instrumentality thereof, of, Cuba, Iran, North Korea, Syria, the Crimea, the so-called Donetsk and Luhansk People's Republic region of Ukraine or any other country or territory embargoed or subject to substantial trade restrictions by the United States, the European Union, United Nations Security Council, Switzerland or the United Kingdom, or (iv) a Designated National as defined in the Cuban Assets Control Regulations, 31 C.F.R. Part 515; or (v) a non-U.S. shell bank or providing banking services indirectly to a non-U.S. shell bank (each, a "Prohibited Investor"). The Investor agrees to provide law enforcement agencies, if requested thereby, such records as required by applicable law, provided that the Investor is permitted to do so under applicable law. If the Investor is a financial institution subject to the Bank Secrecy Act (31 U.S.C. Section 5311 et seq.), as amended by the USA PATRIOT Act of 2001, and its implementing regulations (collectively, the "BSA/PATRIOT Act"), the Investor maintains policies and procedures reasonably designed to comply with applicable obligations under the BSA/PATRIOT Act. To the extent required, it maintains policies and procedures reasonably designed to ensure compliance with sanctions programs administered by the United States, the European Union and the United Kingdom. To the extent required by applicable law, the Investor maintains policies and procedures reasonably designed to ensure that the funds held by the Investor and used to purchase the Shares were legally derived and were not obtained, directly or indirectly, from a Prohibited Investor.
- (o) If the Investor is or is acting on behalf of an employee benefit plan that is subject to Title I of the Employee Retirement Income Security Act of 1974, as amended ("ERISA"), a plan, an individual retirement account or other arrangement that is subject to section 4975 of the Internal Revenue Code of 1986 (the "Code"), or an employee benefit plan that is a governmental plan (as defined in section 3(32) of ERISA), a church plan (as defined in section 3(33) of ERISA), a non-U.S. plan (as described in section 4(b)(4) of ERISA) or other plan that is not subject to the foregoing but may be subject to provisions under any other federal, state, local, non-U.S. or other laws or regulations that are similar to such provisions of ERISA or the Code ("Similar Law"), or an entity whose underlying assets are considered to include "plan assets" of any such plan, account or arrangement (each, a "Plan") subject to the fiduciary or prohibited transaction provisions of ERISA or section 4975 of the Code, the Investor represents and warrants that (i) none of the Issuer or any of its affiliates (the "Transaction Parties") has provided investment advice or otherwise acted as the Plan's fiduciary, with respect to its decision to acquire and hold the Shares, and none of the Transaction Parties is or shall at any time be the Plan's fiduciary with respect to any decision to acquire, continue to hold or transfer the Shares and (ii) its purchase of the Shares will not result in a non-exempt prohibited transaction under Section 406 of ERISA or Section 4975 of the Code, or any applicable Similar Law.
- (p) Except as expressly disclosed in a Schedule 13D or Schedule 13G (or amendments thereto) filed by the Investor with the SEC with respect to the beneficial ownership of SPAC's ordinary shares prior to the date hereof (if applicable), the investor is not currently (and at all times through Closing will refrain from being or becoming) a member of a "group" (within the meaning of Section 13(d)(3) or Section 14(d)(2) of the Securities Exchange Act of 1934, as amended (the "Exchange Act")) acting for the purpose of acquiring, holding or disposing of equity securities of SPAC (within the meaning of Rule 13d-5(b)(1) under the Exchange Act).
- (q) The Investor has or has commitments to have and, when required to deliver payment to the Issuer pursuant to Section 2, will have, sufficient funds to pay the Subscription Amount and consummate the purchase and sale of the Shares pursuant to this Subscription Agreement.
- (r) The Investor does not have, as of the date hereof, and during the 30-day period immediately prior to the date hereof, the Investor has not entered into, any "put equivalent position" as such term is defined in Rule 16a-1 under the Exchange Act or end of day short sale positions with respect to the securities of SPAC.

8

- (s) No broker, finder or other financial consultant is acting on the Investor's behalf in connection with this Subscription Agreement or the transactions contemplated hereby in such a way as to create any liability of the Issuer for the payment of any fees, costs, expenses or commissions.
- (t) The Investor agrees that, from the date of this Subscription Agreement until the Closing Date (or earlier termination of this Subscription Agreement), none of the Investor or any person or entity acting on behalf of the Investor or pursuant to any understanding with the Investor will engage in any Short Sales (as defined below) with respect to securities of the Issuer or SPAC. For purpose of this Section 5.2(t), "Short Sales" shall mean all "short sales" as defined in Rule 200 of Regulation SHO under the Exchange Act and all types of direct and indirect share pledges (other than pledges in the ordinary course of business as part of prime brokerage arrangements), forward sale contracts, options, puts, calls, swaps and similar arrangements (including on a total return basis), and sales and other short transactions through non-U.S. broker dealers or foreign regulated brokers. Notwithstanding the foregoing, (i) the restrictions in this Section 5.2(t) shall not apply to any sale of securities of the Issuer or SPAC (A) held by the Investor or any person or entity acting on behalf of the Investor prior to the execution of this Subscription Agreement or (B) purchased by the Investor or any person or entity acting on behalf of the Investor in an open market transaction after the execution of this Subscription Agreement. Further, notwithstanding the foregoing, (ii) nothing herein shall prohibit other entities under common management with the Investor that have no knowledge of this Subscription Agreement or of the Investor's subscription of the Shares (including the Investor's controlled affiliates and/or affiliates) from entering into any Short Sales and (iii) in the case of an Investor that is a multi-managed investment bank or vehicle whereby separate portfolio managers manage separate portions of such Investor's assets and the portfolio managers have no knowledge of the investment decisions made by the portfolio managers managing other portions of such Investor's assets, the limitations set forth in the first sentence of this Section 5.2(t) shall only apply with respect to the portion of assets managed by the portfolio manager that made the investment decision to purchase the Shares covered by this Subscription Agreement (the "Investing Portfolio Manager") and other portfolio managers or desks who have direct knowledge of the investment decisions made by the Investing Portfolio Manager.

6. Registration Rights

- 6.1 The Issuer agrees that, within thirty (30) calendar days after the Closing Date, it will file with the SEC (at the Issuer's sole cost and expense) a registration statement registering the resale of the Shares (the "Registration Statement"), and it shall use its commercially reasonable efforts to have the Registration Statement declared effective as soon as practicable after the filing thereof; provided, however, that the Issuer's obligations to include such shares in the Registration Statement are contingent upon Investor furnishing in writing to the Issuer such information regarding Investor, the securities of the Issuer beneficially owned by Investor and the intended method of disposition of the Shares as shall be reasonably requested by the Issuer to effect the registration of the Shares, and Investor shall execute such documents in connection with such registration as the Issuer may reasonably request that are customary of a selling shareholder in similar situations, including providing that the Issuer shall be entitled to postpone and suspend the effectiveness or use of the Registration Statement as permitted hereunder.
- 6.2 The Issuer agrees to, except for such times as the Issuer is permitted hereunder to suspend the use of the prospectus forming part of a Registration Statement, use its commercially reasonable efforts to cause such Registration Statement, or another shelf registration statement that includes the Shares to be issued pursuant to this Subscription Agreement, to remain effective until the earliest of (i) the second anniversary of the Closing, (ii) the date on which the Investor ceases to hold any Shares issued pursuant to this Subscription Agreement, or (iii) on the first date on which the Investor is able to sell all of its Shares issued pursuant to this Subscription Agreement (or shares received in exchange therefor) under Rule 144 promulgated under the Securities Act ("Rule 144") without the public information, volume or manner of sale limitations of such rule (such date, the "End Date").

9

- 6.3 Prior to the End Date, the Issuer will use commercially reasonable efforts to qualify the Shares for listing on the applicable stock exchange. The Investor agrees to disclose its ownership to the Issuer upon request to assist it in making the determination with respect to Rule 144 described in clause (iii) of Section 6.2 above. The Issuer may amend the Registration Statement so as to convert the Registration Statement to a Registration Statement on Form F-3 at such time after the Issuer becomes eligible to use such Form F-3. The Investor acknowledges and agrees that the Issuer may suspend the use of any such registration statement if it determines that in order for such registration statement not to contain a material misstatement or omission, an amendment thereto would be needed to include information that would at that time not otherwise be required in a current, quarterly, or annual report under the Exchange Act.
- 6.4 Notwithstanding the foregoing, if the SEC prevents the Issuer from including any or all of the shares proposed to be registered under the Registration Statement due to limitations on the use of Rule 415 of the Securities Act for the resale of the Shares by the applicable shareholders or otherwise, such Registration Statement shall register for resale such number of Shares which is equal to the maximum number of Shares as is permitted by the SEC. In such event, the number of Shares to be registered shall be reduced (a) firstly, pro rata among all the selling shareholders other than the PIPE Investors; and (b) secondly, only if the number of Shares to be registered for the selling shareholders other than the PIPE Investors has been reduced to zero, pro rata among the PIPE Investors, and the Issuer shall use its commercially reasonable efforts to file with the SEC, as promptly as practicable and as allowed by the SEC, one or more registration statements to register the resale of those Shares that were not registered on the initial Registration Statement, as so amended.
- 6.5 Notwithstanding anything to the contrary in this Subscription Agreement, the Issuer shall be entitled to delay or postpone the effectiveness of the Registration Statement, and from time to time to require the Investor not to sell under the Registration Statement or to suspend the effectiveness thereof, if (a) the use of the Registration Statement would require the inclusion of financial statements that are unavailable for reasons beyond the Issuer's control, (b) the Issuer determines that in order for the Registration Statement to not contain a material misstatement or omission, (i) an amendment thereto would be needed to include information that would at that time not otherwise be required in a current, quarterly, or annual report under the Exchange Act or (ii) the negotiation or consummation of a transaction by the Issuer or its subsidiaries is pending or an event has occurred, which negotiation, consummation or event that the Issuer reasonably believes would require additional disclosure by the Issuer in the Registration Statement of material information that the Issuer has a bona fide business purpose for keeping confidential and the non-disclosure of which in the Registration Statement would be expected, in the reasonable determination of the Issuer's board of directors to cause the Registration Statement to fail to comply with applicable disclosure requirements (each such circumstance, a "Suspension Event"). Upon receipt of any written notice from the Issuer of the happening of any Suspension Event during the period that the Registration Statement is effective or if as a result of a Suspension Event the Registration Statement or related prospectus contains any untrue statement of a material fact or omits to state any material fact required to be stated therein or necessary to make the statements therein, in light of the circumstances under which they were made (in the case of the prospectus) not misleading, the Investor agrees that (i) it will immediately discontinue offers and sales of the Shares under the Registration Statement (excluding, for the avoidance of doubt, sales conducted pursuant to Rule 144) until the Investor receives copies of a supplemental or amended prospectus that corrects the misstatement(s) or omission(s) referred to above and receives notice that any post-effective amendment has become effective or unless otherwise notified by the Issuer that it may resume such offers and sales; provided, for the avoidance of doubt, that the Issuer shall not include any material non-public information in any such written notice. If so directed by the Issuer, the Investor will deliver to the Issuer or destroy all copies of the prospectus covering the Shares in the Investor's possession.
- 6.6 Indemnification.

- (a) The Issuer agrees to indemnify and hold harmless, to the extent permitted by law, the Investor, its directors, and officers, employees, and agents, and each person who controls the Investor (within the meaning of the Securities Act or the Exchange Act) from and against any and all losses, claims, damages, liabilities and reasonable and documented out-of-pocket expenses (including, without limitation, any reasonable and documented attorneys' fees and expenses incurred in connection with defending or investigating any such action or claim) caused by any untrue or alleged untrue statement of a material fact contained in any Registration Statement, prospectus included in any Registration Statement or preliminary prospectus or any amendment thereof or supplement thereto or any omission or alleged omission of a material fact required to be stated therein or necessary to make the statements therein not misleading, except insofar as the same are caused by or contained in any information furnished in writing to the Issuer by or on behalf of the Investor expressly for use therein or such Investor has omitted a material fact from such information or otherwise violated the Securities Act, Exchange Act or any state securities law or any other law, rule or regulation thereunder; provided, however, that the indemnification contained in this Section 6.6(a) shall not apply to amounts paid by the Investor in settlement of any losses, claims, damages, liabilities or out-of-pocket expenses if such settlement is effected without the consent of the Issuer. In no event shall the liability of the Issuer be greater in amount than the dollar amount received by the Issuer under this Subscription Amount.

10

- (b) In connection with any Registration Statement in which an Investor is participating, the Investor agrees to indemnify and hold harmless the Issuer, its directors and officers and agents and each person who controls the Issuer (within the meaning of the Securities Act) against any losses, claims, damages, liabilities and expenses (including, without limitation, reasonable and documented attorneys' fees) resulting from any untrue statement of material fact contained in the Registration Statement, prospectus or preliminary prospectus or any amendment thereof or supplement thereto or any omission of a material fact required to be stated therein or necessary to make the statements therein not misleading, but only to the extent that such untrue statement or omission is contained (or not contained, in the case of an omission) in any information or affidavit so furnished in writing by or on behalf of the Investor expressly for use therein; provided, however, that the liability of the Investor shall be several and not joint with any Other PIPE Investor and in no event shall the liability of the Investor be greater in amount than the dollar amount of the net proceeds received by the Investor upon the sale of the Shares purchased pursuant to this Subscription Agreement giving rise to such indemnification obligation.
- (c) Any person entitled to indemnification herein shall (i) give prompt written notice to the indemnifying party of any claim with respect to which it seeks indemnification (provided that the failure to give prompt notice shall not impair any person's right to indemnification hereunder to the extent such failure has not prejudiced the indemnifying party) and (ii) permit such indemnifying party to assume the defense of such claim with counsel it elects in its sole discretion. If such defense is assumed, the indemnifying party will not be liable to the indemnified party for any legal or other expenses incurred by the indemnified party and shall not be subject to any liability for any settlement made by the indemnified party without its consent. An indemnifying party who elects not to assume the defense of a claim shall not be obligated to pay the fees and expenses of more than one counsel for all parties indemnified by such indemnifying party with respect to such claim, unless in the reasonable judgment of legal counsel to any indemnified party a conflict of interest exists between such indemnified party and any other of such indemnified parties with respect to such claim. No indemnifying party shall, without the consent of the indemnified party, consent to the entry of any judgment or enter into any settlement which cannot be settled in all respects by the payment of money (and such money is so paid by the indemnifying party pursuant to the terms of such settlement) or which settlement does not include as an unconditional term thereof the giving by the claimant or plaintiff to such indemnified party of a release from all liability in respect to such claim or litigation.
- (d) The indemnification provided for under this Subscription Agreement shall remain in full force and effect regardless of any investigation made by or on behalf of the indemnified party or any officer, director, employee, agent, affiliate or controlling person of such indemnified party and shall survive the transfer of the Shares purchased pursuant to this Subscription Agreement.
- (e) If the indemnification provided under this Section 6.6(e) from the indemnifying party is unavailable or insufficient to hold harmless an indemnified party in respect of any losses, claims, damages, liabilities and expenses referred to herein, then the indemnifying party, in lieu of indemnifying the indemnified party, shall contribute to the amount paid or payable by the indemnified party as a result of such losses, claims, damages, liabilities and expenses in such proportion as is appropriate to reflect the relative fault of the indemnifying party and the indemnified party, as well as any other relevant equitable considerations. The relative fault of the indemnifying party and indemnified party shall be determined by reference to, among other things, whether any action in question, including any untrue or alleged untrue statement of a material fact or omission or alleged omission to state a material fact, was made by, or relates to information supplied by or on behalf of, such indemnifying party or indemnified party, and the indemnifying party's and indemnified party's relative intent, knowledge, access to information and opportunity to correct or prevent such action. The amount paid or payable by a party as a result of the losses or other liabilities referred to above shall be deemed to include, subject to the limitations set forth above, any legal or other fees, charges or expenses reasonably incurred by such party in connection with any investigation or proceeding. No person guilty of fraudulent misrepresentation (within the meaning of Section 11(f) of the Securities Act) shall be entitled to contribution pursuant to this Section 6.6(e) from any person who was not guilty of such fraudulent misrepresentation. - (d) The Investor acknowledges and agrees that none of the other parties to the Transaction Agreement (other than the Issuer) or any Non-Party Affiliate, shall have any liability (including in contract, tort, under federal or state securities laws or otherwise) to the Investor pursuant to this Subscription Agreement related to the private placement of the Shares, the negotiation hereof or thereof or the subject matter hereof or thereof, or the transactions contemplated hereby or thereby, for any action heretofore or hereafter taken or omitted to be taken by any of them in connection with the purchase of the Shares, or with respect to any claim (whether in tort, contract or otherwise) for breach of this Subscription Agreement or in respect of any written or oral representations made or alleged to be made in connection herewith, as expressly provided herein, or for any actual or alleged inaccuracies, misstatements or omissions with respect to any information or materials of any kind furnished by the Issuer or any Non-Party Affiliate concerning the Issuer, any of its controlled affiliates, this Subscription Agreement or the transactions contemplated hereby. For purposes of this Subscription Agreement, "Non-Party Affiliates" means each former, current or future officer, director, employee, partner, member, manager, direct or indirect equityholder or affiliate of the Issuer or any of the Issuer's controlled affiliates or any family member of the foregoing.

- 8.5 **Modifications and Amendments.** This Subscription Agreement may not be modified, waived or terminated (other than pursuant to the terms of [Section 7](#) above) except by an instrument in writing, signed by each of the parties hereto. No failure or delay of either party in exercising any right or remedy hereunder shall operate as a waiver thereof, nor shall any single or partial exercise of any such right or power, or any abandonment or discontinuance of steps to enforce such right or power, or any course of conduct, preclude any other or further exercise thereof or the exercise of any other right or power. The rights and remedies of the parties hereunder are cumulative and are not exclusive of any rights or remedies that they would otherwise have hereunder.

- 8.6 **Entire Agreement.** This Subscription Agreement (including the schedule hereto) constitutes the entire agreement, and supersedes all other prior agreements, understandings, representations and warranties, both written and oral, among the parties, with respect to the subject matter hereof. Except as set forth in [Section 6.6](#) and [Section 8.3\(a\)](#), with respect to the persons specifically referenced therein, this Subscription Agreement shall not confer any rights or remedies upon any person other than the parties hereto, and their respective successors and assigns.
- 8.7 **Benefit.** Except as otherwise provided herein, this Subscription Agreement shall be binding upon, and inure to the benefit of the parties hereto and their heirs, executors, administrators, successors, legal representatives, and permitted assigns, and the agreements, representations, warranties, covenants and acknowledgments contained herein shall be deemed to be made by, and be binding upon, such heirs, executors, administrators, successors, legal representatives and permitted assigns.

It is accordingly agreed that the parties shall be entitled to an injunction or injunctions to prevent breaches of this Subscription Agreement, without posting a bond or undertaking and without proof of damages, to enforce specifically the terms and provisions of this Subscription Agreement, this being in addition to any other remedy to which such party is entitled at law, in equity, in contract, in tort or otherwise. The parties hereto acknowledge and agree that it may be difficult to prove damages with reasonable certainty, that it may be difficult to procure suitable substitute performance, and that injunctive relief and/or specific performance will not cause an undue hardship to the parties hereto. The parties hereto further acknowledge that the existence of any other remedy contemplated by this Subscription Agreement does not diminish the availability of specific performance of the obligations hereunder or any other injunctive relief. Each party hereto further agrees that in the event of any action by the other party for specific performance or injunctive relief, it will not assert that a remedy at law or other remedy would be adequate or that specific performance or injunctive relief in respect of such breach or violation should not be available on the grounds that money damages are adequate or any other grounds.
- 8.12 **Adjustment of Number of Shares.** If any change in the number, type or classes of authorized shares of the Issuer (including the Shares), shall occur between the date hereof and immediately prior to the Closing by reason of reclassification, recapitalization, stock split (including reverse stock split) or combination, exchange or readjustment of shares, or any stock dividend, the number of Shares issued to the Investor shall be appropriately adjusted to reflect such change.

The Investor further represents and warrants that it will not sell, transfer or otherwise dispose of the Securities or any interest therein except in a registered transaction or in a transaction exempt from or not subject to the registration requirements of the Securities Act, and that any certificates representing the Securities shall contain a restrictive legend to the following effect:

THIS SECURITY HAS BEEN ACQUIRED FOR INVESTMENT AND WITHOUT A VIEW TO DISTRIBUTION AND HAS NOT BEEN REGISTERED UNDER THE SECURITIES ACT OF 1933 (THE "ACT"), OR UNDER STATE SECURITIES LAWS. NO TRANSFER, SALE, ASSIGNMENT, PLEDGE, HYPOTHECATION OR OTHER DISPOSITION OF THIS SECURITY OR ANY INTEREST OR PARTICIPATION THEREIN MAY BE MADE EXCEPT (A) PURSUANT TO AN EFFECTIVE REGISTRATION STATEMENT UNDER THE ACT OR (B) PURSUANT TO AN EXEMPTION FROM REGISTRATION UNDER THE ACT AND APPLICABLE STATE SECURITIES LAWS AND, IN THE CASE OF ANY TRANSACTION UNDER CLAUSE (B), THE ISSUER RESERVES THE RIGHT TO REQUIRE THE DELIVERY OF SUCH LEGAL OPINIONS, CERTIFICATIONS OR OTHER EVIDENCE AS MAY REASONABLY BE REQUIRED IN ORDER TO CONFIRM THE EXEMPTION UNDER THE ACT AND APPLICABLE STATE SECURITIES LAWS.

- (e) **Restricted Securities.** The Investor acknowledges and agrees that the Securities will be subject to transfer restrictions and, as a result of these transfer restrictions, the Investor may not be able to readily offer, resell, transfer, pledge or otherwise dispose of the Securities and may be required to bear the financial risk of an investment in the Securities for an indefinite period of time. The Investor acknowledges and agrees that the Securities will not be eligible for offer, resale, transfer, pledge or disposition pursuant to Rule 144 promulgated under the Securities Act until at least one year from the Closing Date. The Investor acknowledges and agrees that it has been advised to consult legal counsel and tax and accounting advisors prior to making any offer, resale, transfer, pledge or disposition of any of the Securities.

14

- (f) **No General Solicitation.** The Investor became aware of this offering of the Securities solely by means of direct contact between the Investor, on one hand, and the Issuer or a representative of the Issuer, on the other hand, and the Securities were offered to the Investor solely by such direct contact. The Investor did not become aware of this offering of the Securities, nor were the Securities offered to the Investor, by any other means. The Investor acknowledges that the Securities (i) were not offered by any form of general solicitation or general advertising and (ii) are not being offered in a manner involving a public offering under, or in a distribution in violation of, the Securities Act, or any state securities laws.
- (g) **No Public Market.** The Investor understands that no public market now exists for the Securities, and that the Issuer has made no assurances that there will ever be a public market for the Note or the Conversion Shares.

6. RESTRICTIONS ON DISPOSITION

The Issuer shall not assign or transfer this Agreement or any Note, as applicable, or any of its rights, interests or obligations hereunder or thereunder, in whole or in part, to any person without the prior written consent of the Holder. The Investor may transfer its rights, interests or obligations under this Agreement to its Affiliates without any limitation. Except as otherwise expressly provided herein, the Investor shall not assign or transfer this Agreement or any Note, or any of its rights, interests or obligations hereunder or thereunder, in whole or in part, to any person without the prior written consent of the Issuer.

7. USE OF PROCEEDS

The Issuer shall use the proceeds from the subscription of the Note only for working capital requirements and other general corporate purposes (including but not limited to business expansion, capital expenditure, new product development, talent acquisition, operating expenses, investments and mergers and acquisitions, and fees and expenses in connection with the issuance of the Note).

8. EXPENSES

Each Party shall bear its own costs and expenses in connection with (i) the preparation and negotiation of this Agreement and the other Transaction Documents, (ii) its performance under this Agreement and the other Transaction Documents and (iii) the consummation of the transactions contemplated hereby and thereby, including all fees and expenses of such Party's agents, representatives, financial and legal advisors and accountants.

9. COVENANTS

- 9.1 Prior to the conversion of the Note into Conversion Shares, the Issuer shall have duly authorized and validly reserved for issuance such number of Conversion Shares as shall be sufficient to effect the conversion of the Note.
- 9.2 If the Note is converted into the Conversion Shares pursuant to Section 3.1 of the Note, the Issuer shall ensure that the Investor shall be entitled to the same rights of other investors participating in the PIPE Investment, if applicable, including the rights set out in Schedule 3 with respect to the Conversion Shares.

15

- 9.3 The Issuer shall use its commercially reasonable efforts to cause the transfer agent to remove the legend set forth above in Section 5.2(d), at the Investor's request, when the Shares are permitted to be sold pursuant to Rule 144 under the Securities Act or an effective registration statement.
- 9.4 The Issuer hereby covenants that it shall use its commercially reasonable efforts to (a) obtain PIPE Investment in an aggregate amount of no less than US\$300 million (which shall include, for the avoidance of doubt, all of the PIPE Investment subscribed by the investors listed under Section 9.4 of the Disclosure Schedule) as soon as practicable following the Closing, and (b) consummate the Listing.
- 9.5 During the period beginning on the date hereof and ending on the date on which the Note is redeemed in full or (if earlier) the date that the Note has been fully converted into the Conversion Shares, the Issuer hereby covenants that it shall provide the Investor with material information on the business operations and financial condition of the Group, at the Investor's reasonable request; provided, that no such information shall be provided to the extent such information constitutes "material non-public information" as reasonably determined in writing by the Issuer (after consultation with its U.S. counsel).
- 9.6 The Issuer hereby covenants that if it has granted to any other investor under any Other Agreements any Material Terms more favorable than those granted to the Investor under the Transaction Documents, it shall notify the Investor promptly after entering into such Other Agreements, and upon the Investor's request, the Issuer shall promptly amend any Transaction Documents as necessary to provide terms and conditions substantially identical to such more favorable Material Terms to the Investor, as applicable.

10. CONFIDENTIALITY

- 10.1 Each Party undertakes that it shall, and shall procure that its Affiliates, shareholders, directors, officers, employees, agents and professional and other advisers (collectively, its "Representatives") will, use its best endeavours to keep confidential at all times and not permit or cause the disclosure of any information (other than to its Representatives) which it may possess or acquire before, on or after the date of this Agreement relating to the provisions of, and negotiations leading to, this Agreement or the other Transaction Documents and the performance of the obligations hereunder or thereunder (such information, "Confidential Information").
- 10.2 Each Party shall alert the other Parties as soon as reasonably practicable after it becomes aware of any unauthorized use or disclosure, or suspected unauthorized use or disclosure of Confidential Information.
- 10.3 Any release of Confidential Information by any Party, privately or to the public, shall be subject to the prior written approval of the other Party. Notwithstanding the foregoing, Confidential Information may be disclosed by any Party:
- (a) if the Confidential Information is or becomes generally available to the public other than as a result of disclosure by or at the direction of a Party or any of its Representatives in violation of this Agreement;
 - (b) after giving prior notice to the concerned Party or Parties to the extent practicable under the circumstances and subject to any practicable arrangements to protect confidentiality, to the extent requested or required under the rules of any stock exchange on which the shares of a Party or its parent company are listed or by applicable laws or governmental regulations or judicial or regulatory process or in connection with any judicial process regarding any legal action, suit or proceeding arising out of or relating to this Agreement;

16

- (c) to its shareholders and Representatives who need to know such information for the purpose of assisting the Parties in the transactions contemplated and performance of the obligations under this Agreement and the other Transaction Documents; and
- (d) to its current or prospective investors, provided that such persons are bound by appropriate confidentiality obligations at least as strict as the confidentiality provisions hereunder.

11. INDEMNIFICATION

- 11.1 From and after the Closing, subject to the limits set forth in this clause 11, the Issuer shall indemnify, defend and hold harmless the Investor, its Affiliates and their respective officers, directors, employees and agents (collectively, the "Indemnitees") from and against any and all losses, costs, liabilities, damages and expenses, including reasonable attorneys' fees and disbursements in connection therewith (collectively, the "Indemnifiable Liabilities"), incurred by any Indemnitee as a result of or arising out of any breach by the Issuer of any representation, warranty, covenant, obligation or agreement contained in the Transaction Documents.
- 11.2 Except in the case of fraud, willful misconduct or gross negligence,

- (a) the aggregate liability of the Issuer for Indemnifiable Liabilities incurred by the Investor (to the extent such claim brought by the Investor occurs prior to the date on which the Investor delivers the Redemption Notice (as defined under the Convertible Senior Note) to the Issuer upon occurrence of an Event of Default under Section 2.5(c) of the Note pursuant to the terms of the Note and continues thereafter), together with any payment obligation of the Issuer to such Investor as a result of occurrence of an Event of Default under Section 2.5(c) of the Note, shall not exceed the aggregated amount of the Purchase Price and all interests accrued on the Note (as applicable), provided that this limit on liability shall not apply to any other payment obligation of the Issuer under the Transaction Documents or the Issuer's obligations to deliver any relevant Conversion Shares in accordance with this Agreement and shall not apply to the Issuer's obligations under Section 7(a) of Schedule 3 attached hereto;
- (b) the Issuer shall not be liable to the Indemnitees in respect of any claim under this Agreement for any breach of the Issuer's representations or warranties unless: (i) the Investor has given the Issuer written notice of the claim (stating in reasonable detail the nature of the claim and, if practicable, the amount claimed) on or before the date that is one (1) year from the Closing Date; and (ii) the aggregate amount of the Indemnifiable Liabilities suffered or incurred by such Indemnitees thereunder exceeds US\$1,000,000, in which case the Issuer shall be liable to the Indemnitees for the full amount of the Indemnifiable Liabilities ;

17

- (c) notwithstanding any other provision to the contrary, the Issuer shall not be liable for any consequential, exemplary, punitive, special, indirect or incidental damages, including, without limitation, loss of profits or revenue.

11.3 For the avoidance of doubt, if the Investor chooses to require the Issuer to redeem the Note as a result of occurrence of an Event of Default under Section 2.5(c) of the Note and no claim has been brought by the Investor under this clause 11, the Investor shall no longer be entitled to claim any Indemnifiable Liabilities under this clause 11 upon full receipt of the Redemption Price pursuant to the Note.

12. TERMINATION

12.1 This Agreement shall terminate as among the Parties upon the earliest to occur of:

- (a) the mutual written consent of the Issuer and the Investor;
- (b) the delivery of written notice to terminate by either the Issuer or the Investor if Closing shall not have occurred by the date that is three (3) months (or such other date as may be agreed by the Issuer and the Investor) after the date of this Agreement; provided, however, that such right to terminate this Agreement under this clause 12.1(b) shall not be available to any Party whose failure to fulfil any obligation under this Agreement shall have been the principal cause of, or shall have resulted in, the failure of Closing to occur on or prior to such date;
- (c) the Onshore Transfer Agreement is terminated pursuant to its termination clause thereof; or
- (d) by the Issuer or the Investor in the event that any Authority shall have issued an order or taken any other action restraining, enjoining or otherwise prohibiting the transactions contemplated by the Transaction Documents and such order or other action shall have become final and non-appealable.

12.2 If this Agreement is terminated pursuant to clause 12.1, this Agreement shall become null and void and of no further force and effect, except that the Surviving Provisions shall remain in full force and effect; provided that nothing herein shall relieve any Party from liability for any breach of this Agreement that occurred prior to such termination.

13. NOTICES

13.1 Any notice required or permitted pursuant to this Agreement shall be given in writing and shall be given either personally or by sending it by next-day or second-day courier service, fax, electronic mail or similar means to the address or number of the relevant Party as set out in clause 13.2 (or at such other address or number as such Party may designate by fifteen (15) days' advance written notice to the other Parties given in accordance with this clause 13.1). Where a notice is sent by next-day or second-day courier service, service of the notice shall be deemed to be effected by properly addressing, pre-paying and sending by next-day or second-day service through an internationally-recognised courier a letter containing the notice, with a written confirmation of delivery, and to have been effected at the earlier of (i) delivery (or when delivery is refused) and (ii) expiration of two (2) Business Days after the letter containing the same is sent as aforesaid. Where a notice is sent by fax or electronic mail, service of the notice shall be deemed to be effected by properly addressing, and sending such notice through a transmitting organisation, with a written confirmation of delivery, and to have been effected on the day the same is sent as aforesaid, if such day is a Business Day and if sent during normal business hours of the recipient, otherwise the next Business Day. Notwithstanding the foregoing, to the extent a "with a copy to" address is designated, notice must also be given to such address in the manner above for such notice, request, consent or other communication hereunder to be effective.

14. MISCELLANEOUS

- 14.1 **Further Assurance.** Upon the terms and subject to the conditions herein, each of the Parties agrees to take or cause to be taken all action, to do or cause to be done, to execute such further instruments, and to assist and cooperate with the other Parties in doing, all things necessary, proper or advisable under applicable laws or otherwise to consummate and make effective, in the most expeditious manner practicable, the transactions contemplated by this Agreement and the other Transaction Documents and, to the extent reasonably requested by another Party, to enforce rights and obligations pursuant hereto or thereto.
- 14.2 **No Third Party Rights.** Except to the extent otherwise set out herein, no person other than the Parties to this Agreement shall have any right to enforce, or enjoy the benefit of, any of the provisions of this Agreement.
- 14.3 **Rights Cumulative; Specific Performance.** Each and all of the various rights, powers and remedies of a Party will be considered to be cumulative with and in addition to any other rights, powers and remedies that such Party may have at law or in equity in the event of the breach of any of the terms of this Agreement. The exercise or partial exercise of any right, power or remedy will neither constitute the exclusive election thereof nor the waiver of any other right, power or remedy available to such party. Without limiting the foregoing, the Parties acknowledge and agree irreparable harm may occur for which money damages would not be an adequate remedy in the event that any of the provisions of this Agreement were not performed in accordance with their specific terms or were otherwise breached. It is accordingly agreed that, notwithstanding anything in this Agreement to the contrary, any Party shall be entitled to injunction to prevent breaches of this Agreement and to enforce specifically the terms and provisions of this Agreement.
- 14.4 **Severability.** In case any provision of this Agreement shall be invalid, illegal or unenforceable, the validity, legality and enforceability of the remaining provisions shall not in any way be affected or impaired thereby. If, however, any provision of this Agreement shall be invalid, illegal or unenforceable under any applicable law in any jurisdiction, it shall, as to such jurisdiction, be deemed modified to conform to the minimum requirements of such law, or, if for any reason it is not deemed so modified, it shall be invalid, illegal, or unenforceable only to the extent of such invalidity, illegality or limitation on enforceability without affecting the remaining provisions of this Agreement, or the validity, legality or enforceability of such provision in any other jurisdiction.

19

- 14.5 **Amendments and Waivers.** No term of this Agreement may be amended, modified or supplemented, and no provision hereof may be waived, except by a written instrument executed by all the Parties. Any amendment effected in accordance with this clause 14.5 shall be binding upon each Party. The observance of any term of this Agreement may be waived (either generally or in a particular instance and either retroactively or prospectively) only with the written consent of the Party against whom such waiver is sought.
- 14.6 **No Waiver.** Failure to insist upon strict compliance with any of the terms, covenants or conditions hereof will not be deemed a waiver of such term, covenant or condition, nor will any waiver or relinquishment of, or failure to insist upon strict compliance with, any right, power or remedy hereunder at any one or more times be deemed a waiver or relinquishment of such right, power or remedy at any other time or times.
- 14.7 **Delays or Omissions.** No delay or omission to exercise any right, power or remedy accruing to any Party under this Agreement, upon any breach or default of any other Party under this Agreement, shall impair any such right, power or remedy of such non-breaching or non-defaulting Party nor shall it be construed to be a waiver of any such breach or default, or an acquiescence therein, or of or in any similar breach or default thereafter occurring; nor shall any waiver of any single breach or default be deemed a waiver of any other breach or default theretofore or thereafter occurring. Any waiver, permit, consent or approval of any kind or character on the part of any Party of any breach or default under this Agreement, or any waiver on the part of any Party of any provisions or conditions of this Agreement, must be in writing and shall be effective only to the extent specifically set forth in such writing.
- 14.8 **Entire Agreement.** This Agreement and the other Transaction Documents, together with all schedules and exhibits hereto and thereto, constitute the full and entire understanding and agreement among the Parties with regard to the subjects hereof and thereof, and supersede all other agreements between or among any of the Parties with respect to the subject matters hereof and thereof. This Agreement shall take effect and become binding on and enforceable against the parties upon execution hereof.
- 14.9 **Counterparts.** This Agreement may be executed in any number of counterparts, and by each Party on separate counterparts. Each counterpart is an original, but all counterparts shall together constitute one and the same instrument. Facsimile and e-mailed copies of signatures shall be deemed to be originals for purposes of the effectiveness of this Agreement.

15. GOVERNING LAW AND DISPUTE RESOLUTION

- 15.1 This Agreement shall be governed by and construed in accordance with the laws of the State of New York without regard to principles of conflicts of laws thereunder.

20

- 15.2 The Parties agree to negotiate in good faith to resolve any dispute between them regarding this Agreement. If the negotiations fail to resolve the dispute within fifteen (15) days after the commencement of the negotiation, clause 15.3 shall apply.
- 15.3 In the event the Parties are unable to resolve a dispute between them regarding this Agreement in accordance with clause 15.2 above, such dispute shall be referred to and finally settled by arbitration administered by the Hong Kong International Arbitration Centre (the "HKIAC") under the HKIAC Administered Arbitration Rules in force at the time of commencement of the arbitration. The seat of arbitration shall be Hong Kong. There shall be three arbitrators. The claimant and respondent shall each nominate one (1) arbitrator and the third arbitrator shall be appointed by the HKIAC. The arbitration proceedings shall be conducted in English. The award of the arbitral tribunal shall be final and binding upon the parties thereto, and the prevailing party may apply to a court of competent jurisdiction for enforcement of such award.

SCHEDULE 1

FORM OF CONVERTIBLE SENIOR NOTE

SCHEDULE 2

DISCLOSURE SCHEDULE

SCHEDULE 3

REGISTRATION RIGHT

- In the event that the Conversion Shares are issued upon completion of the De-SPAC Transaction and such Conversion Shares are not registered in connection with the consummation of the transactions contemplated thereby, the Issuer agrees that, within forty-five (45) calendar days after the date of completion of the De-SPAC Transaction (the "Transaction Closing Date"), it will file with the U.S. Securities and Exchange Commission (the "SEC") (at the Issuer's sole cost and expense), a registration statement registering the resale of the Conversion Shares (the "Registration Statement"), and it shall use its commercially reasonable efforts to have the Registration Statement declared effective as soon as practicable after the filing thereof; provided, however, that the Issuer's obligations to include such shares in the Registration Statement are contingent upon the Investors furnishing in writing to the Issuer such information regarding the Investors, the securities of the Issuer beneficially owned by the Investor and the intended method of disposition of the Conversion Shares as shall be reasonably requested by the Issuer to effect the registration of the Conversion Shares, and the Investor shall execute such documents in connection with such registration as the Issuer may reasonably request that are customary of a selling shareholder in similar situations, including providing that the Issuer shall be entitled to postpone and suspend the effectiveness or use of the Registration Statement as permitted hereunder.
 - The Issuer shall provide to the Investor (i) extracts from the draft of the Registration Statement which contain information regarding such Investor for review at least five (5) business days in advance of filing the Registration Statement and (ii) with respect to any subsequent filings related to the Registration Statement, updates to the foregoing extracts only to the extent such extracts materially change. In no event shall the Investor be identified as a statutory underwriter in the Registration Statement unless requested by the Commission; provided, that if the Commission requests that the Investor be identified as a statutory underwriter in the Registration Statement, the Investor will have the opportunity to withdraw from the Registration Statement.
 - The Issuer agrees to, except for such times as the Issuer is permitted hereunder to suspend the use of the prospectus forming part of a Registration Statement, use its commercially reasonable efforts to cause such Registration Statement, or another shelf registration statement that includes the Conversion Shares to be issued pursuant to this Agreement, to remain effective until the earliest of (i) the second anniversary of the Transaction Closing Date, (ii) the date on which the Investor ceases to hold any Conversion Shares, or (iii) on the first date on which all Conversion Shares held by or issuable to the Investor pursuant to this Agreement may be sold under Rule 144 promulgated under the Securities Act ("Rule 144") without the public information, volume or manner of sale limitations of such rule (such date, the "End Date").
 - The Issuer will use all commercially reasonable efforts, at all times from the Transaction Closing Date through the End Date, to satisfy any applicable continuing listing requirements of the stock exchange on which the shares of the Issuer are then listed. The Investor agrees to disclose its ownership to the Issuer upon request to assist it in making the determination with respect to Rule 144 described in clause (iii) of Section 3 above. The Issuer may amend the Registration Statement so as to convert the Registration Statement to a Registration Statement on Form F-3 at such time after the Issuer becomes eligible to use such Form F-3. The Investor acknowledges and agrees that the Issuer may suspend the use of any such registration statement if it determines that in order for such registration statement not to contain a material misstatement or omission, an amendment thereto would be needed to include information that would at that time not otherwise be required in a current, quarterly, or annual report under the Securities Exchange Act of 1934, as amended (the "Exchange Act"), provided that any such suspension shall be for the shortest period of time, determined in good faith by the Issuer's board of directors to be necessary for such purpose.
-

5. The Issuer shall use its commercially reasonable efforts to file all reports and other materials required to be filed by the Exchange Act to the extent required to enable the Investor to sell the Conversion Shares under Rule 144 for so long as the Investor holds Conversion Shares.
6. Notwithstanding anything to the contrary in this Agreement, the Issuer shall be entitled to delay or postpone the effectiveness of the Registration Statement, and from time to time to require the Investor not to sell under the Registration Statement or to suspend the effectiveness thereof, if (a) the use of the Registration Statement would require the inclusion of financial statements that are unavailable for reasons beyond the Issuer's control, (b) the Issuer determines that in order for the Registration Statement to not contain a material misstatement or omission, (i) an amendment thereto would be needed to include information that would at that time not otherwise be required in a current, quarterly, or annual report under the Exchange Act or (ii) the negotiation or consummation of a transaction by the Issuer or its Subsidiaries is pending or an event has occurred, which negotiation, consummation or event that the Issuer reasonably believes would require additional disclosure by the Issuer in the Registration Statement of material information that the Issuer has a bona fide business purpose for keeping confidential and the non-disclosure of which in the Registration Statement would be expected, in the reasonable determination of the Issuer's board of directors to cause the Registration Statement to fail to comply with applicable disclosure requirements (each such circumstance, a "Suspension Event"). Upon receipt of any written notice from the Issuer of the happening of any Suspension Event during the period that the Registration Statement is effective or if as a result of a Suspension Event the Registration Statement or related prospectus contains any untrue statement of a material fact or omits to state any material fact required to be stated therein or necessary to make the statements therein, in light of the circumstances under which they were made (in the case of the prospectus) not misleading, the Investor agrees that (i) it will immediately discontinue offers and sales of the Conversion Shares under the Registration Statement (excluding, for the avoidance of doubt, sales conducted pursuant to Rule 144) until the Investor receives copies of a supplemental or amended prospectus that corrects the misstatement(s) or omission(s) referred to above and receives notice that any post-effective amendment has become effective or unless otherwise notified by the Issuer that it may resume such offers and sales; provided, for the avoidance of doubt, that the Issuer shall not include any material non-public information in any such written notice. If so directed by the Issuer, the Investor will deliver to the Issuer or destroy all copies of the prospectus covering the Conversion Shares in the Investor's possession; provided, however, that this obligation to deliver or destroy all copies of the prospectus covering the Conversion Shares shall not apply (i) to the extent the Investor is required to retain a copy of such prospectus (a) in order to comply with applicable legal, regulatory, self-regulatory or professional requirements or (b) in accordance with a bona fide pre-existing document retention policy or (ii) to copies stored electronically on archival servers as a result of automatic data back-up.

7. Indemnification.

- (a) The Issuer agrees to indemnify and hold harmless, to the extent permitted by law, the Investor, its directors, and officers, employees, and agents, and each person who controls the Investor (within the meaning of the Securities Act or the Exchange Act) from and against any and all losses, claims, damages, liabilities and reasonable and documented out-of-pocket expenses (including, without limitation, any reasonable and documented attorneys' fees and expenses incurred in connection with defending or investigating any such action or claim) caused by any untrue or alleged untrue statement of a material fact contained in any Registration Statement, prospectus included in any Registration Statement or preliminary prospectus or any amendment thereof or supplement thereto or any omission or alleged omission of a material fact required to be stated therein or necessary to make the statements therein not misleading, except insofar as the same are caused by or contained in any information furnished in writing to the Issuer by or on behalf of the Investor expressly for use therein or the Investor has omitted a material fact from such information or otherwise violated the Securities Act, Exchange Act or any state securities law or any other law, rule or regulation thereunder; provided, however, that the indemnification contained in this Section 7(a) shall not apply to amounts paid by the Investor in settlement of any losses, claims, damages, liabilities or out-of-pocket expenses if such settlement is effected without the consent of the Issuer, which consent shall not be unreasonably withheld. In no event shall the liability of the Issuer be greater than the proceeds received by such Holder in the offering giving rise to such indemnification obligation.
- (b) In connection with any Registration Statement in which the Investor is participating, the Investor agrees to indemnify and hold harmless the Issuer, its directors and officers and agents and each person who controls the Issuer (within the meaning of the Securities Act) against any losses, claims, damages, liabilities and expenses (including, without limitation, reasonable and documented attorneys' fees) resulting from any untrue statement of material fact contained in the Registration Statement, prospectus or preliminary prospectus or any amendment thereof or supplement thereto or any omission of a material fact required to be stated therein or necessary to make the statements therein not misleading, but only to the extent that such untrue statement or omission is contained (or not contained, in the case of an omission) in any information or affidavit so furnished in writing by or on behalf of the Investor expressly for use therein; provided, however, that the liability of the Investor shall be several and not joint with any other selling shareholder and in no event shall the liability of the Investor be greater in amount than the dollar amount of the net proceeds received by the Investor upon the sale of the Conversion Shares issued pursuant to this Agreement giving rise to such indemnification obligation.
- (c) Any person entitled to indemnification herein shall (i) give prompt written notice to the indemnifying party of any claim with respect to which it seeks indemnification (provided that the failure to give prompt notice shall not impair any person's right to indemnification hereunder to the extent such failure has not prejudiced the indemnifying party) and (ii) permit such indemnifying party to assume the defense of such claim with counsel it elects in its sole discretion. If such defense is assumed, the indemnifying party will not be liable to the indemnified party for any legal or other expenses incurred by the indemnified party and shall not be subject to any liability for any settlement made by the indemnified party without its consent. An indemnifying party who elects not to assume the defense of a claim shall not be obligated to pay the fees and expenses of more than one counsel for all parties indemnified by such indemnifying party with respect to such claim, unless in the reasonable judgment of legal counsel to any indemnified party a conflict of interest exists between such indemnified party and any other of such indemnified parties with respect to such claim. No indemnifying party shall, without the consent of the indemnified party, consent to the entry of any judgment or enter into any settlement which cannot be settled in all respects by the payment of money (and such money is so paid by the indemnifying party pursuant to the terms of such settlement) or which settlement does not include as an unconditional term thereof the giving by the claimant or plaintiff to such indemnified party of a release from all liability in respect to such claim or litigation.

-
- (d) The indemnification provided for under this Agreement shall remain in full force and effect regardless of any investigation made by or on behalf of the indemnified party or any officer, director, employee, agent, affiliate or controlling person of such indemnified party and shall survive the transfer of the Conversion Shares issued pursuant to this Agreement.
- (e) If the indemnification provided under this Section 7 from the indemnifying party is unavailable or insufficient to hold harmless an indemnified party in respect of any losses, claims, damages, liabilities and expenses referred to herein, then the indemnifying party, in lieu of indemnifying the indemnified party, shall contribute to the amount paid or payable by the indemnified party as a result of such losses, claims, damages, liabilities and expenses in such proportion as is appropriate to reflect the relative fault of the indemnifying party and the indemnified party, as well as any other relevant equitable considerations. The relative fault of the indemnifying party and indemnified party shall be determined by reference to, among other things, whether any action in question, including any untrue or alleged untrue statement of a material fact or omission or alleged omission to state a material fact, was made by, or relates to information supplied by or on behalf of, such indemnifying party or indemnified party, and the indemnifying party's and indemnified party's relative intent, knowledge, access to information and opportunity to correct or prevent such action. The amount paid or payable by a party as a result of the losses or other liabilities referred to above shall be deemed to include, subject to the limitations set forth above, any legal or other fees, charges or expenses reasonably incurred by such party in connection with any investigation or proceeding. No person guilty of fraudulent misrepresentation (within the meaning of Section 11(f) of the Securities Act) shall be entitled to contribution pursuant to this Section 7(e) from any person who was not guilty of such fraudulent misrepresentation. Any contribution pursuant to this Section 7(e) by any seller of the Conversion Shares shall be limited in amount to the amount of net proceeds received by such seller from the sale of such Conversion Shares pursuant to the Registration Statement. Notwithstanding anything to the contrary herein, in no event will any party be liable for consequential, special, exemplary or punitive damages in connection with this Agreement.

WHEREAS, this Subscription Agreement is being entered into in connection with that certain Agreement and Plan of Merger, dated as of January 31, 2023 (as may be amended, modified, supplemented or waived from time to time in accordance with its terms, the "Transaction Agreement"), by and among the Issuer, L Catterton Asia Acquisition Corp, an exempted company incorporated with limited liability in the Cayman Islands ("SPAC"), Lotus Temp Limited, an exempted company incorporated with limited liability in the Cayman Islands and a direct wholly owned subsidiary of the Issuer ("Merger Sub 1"), and Lotus EV Limited, an exempted company incorporated with limited liability in the Cayman Islands and a direct wholly owned subsidiary of the Issuer ("Merger Sub 2"), pursuant to which, on the terms and subject to the conditions set forth therein, among other things, (a) Merger Sub 1 will merge with and into SPAC (the "First Merger"), with SPAC as the surviving company in the First Merger and, after giving effect to the First Merger, becoming a wholly owned subsidiary of the Issuer, and (b) SPAC will merge with and into Merger Sub 2 (the "Second Merger," and together with the First Merger and the other transactions contemplated by the Transaction Agreement, the "Transaction"), with Merger Sub 2 as the surviving company in the Second Merger and, after giving effect to the Second Merger, becoming a wholly owned subsidiary of the Issuer; and

WHEREAS, in connection with the Transaction, the Investor desires to subscribe for and purchase, prior to the closing of the Transaction but following the consummation of the Recapitalization (as defined in the Transaction Agreement), such number of ordinary shares in the Issuer, par value \$0.00001 per share (the "Shares") set forth opposite such Investor's name on Schedule I hereto for a purchase price of \$10.00 per share (the "Per Share Purchase Price"), for the aggregate purchase price set forth opposite such Investor's name on Schedule I hereto (the "Subscription Amount"), and the Issuer desires to issue and sell to the Investor the Shares in consideration of the payment of the Subscription Amount therefor by or on behalf of the Investor to the Issuer, all on the terms and conditions set forth herein.

WHEREAS, in connection with the Transaction, the Issuer is entering into separate subscription agreements (the "Other Subscription Agreements") with certain other investors (the "Other PIPE Investors," together with the Investor, collectively, the "PIPE Investors"), which are on substantially the same terms as the terms of this Subscription Agreement, pursuant to which the Other PIPE Investors will agree to subscribe for and purchase in cash, and the Issuer will agree to issue and sell to the Other PIPE Investors, on the Closing Date, Shares at the Per Share Purchase Price.

NOW, THEREFORE, in consideration of the foregoing and the mutual representations, warranties and covenants, and subject to the conditions, herein contained, and intending to be legally bound hereby, the parties hereto hereby agree as follows:

1. **Subscription.** Subject to the terms and conditions hereof, the Investor hereby irrevocably subscribes for and agrees to purchase from the Issuer, and the Issuer hereby agrees to issue and sell to the Investor, the Shares, on the terms and subject to the conditions provided for herein.

2. **Closing.** The closing of the sale of the Shares contemplated hereby (the "Closing") shall occur on the closing date of the Transaction (the "Closing Date") and be conditioned upon the substantially concurrent consummation of the Transaction and satisfaction of the other conditions set forth in Section 3 hereof. Upon delivery of written notice from (or on behalf of) the Issuer to the Investor (the "Closing Notice") that the Issuer reasonably expects all conditions to the closing of the Transaction to be satisfied or waived on an expected closing date that is not less than five (5) business days from the date on which the Closing Notice is delivered to the Investor, the Investor shall deliver to the Issuer, (a) three (3) business days prior to the expected closing date specified in the Closing Notice, the Subscription Amount by wire transfer of U.S. dollars in immediately available funds to the account in an escrow bank specified by the Issuer in the Closing Notice, to be held in escrow until the closing of the First Merger, or (b) on the expected closing date specified in the Closing Notice, the Subscription Amount to an account specified by the Issuer, or otherwise mutually agreed by the Investor and the Issuer due to regulatory reasons that apply to such Investor, by wire transfer of U.S. dollars in immediately available funds. As soon as practicable following, but not later than one (1) business day after the Closing Date, the Issuer shall (i) issue the Shares to the Investor, free and clear of any liens or other restrictions (other than those arising under applicable securities laws) and subsequently cause the Shares to be registered in book-entry form in the name of the Investor on the Issuer's register of members and (ii) provide to the Investor evidence of such issuance from the Issuer's transfer agent (the "Transfer Agent"). For purposes of this Subscription Agreement, "business day" shall mean any day other than a Saturday, Sunday or other day on which commercial banks in New York, New York, the Cayman Islands, Hong Kong SAR and People's Republic of China (excluding, for the purposes of this Agreement only, Hong Kong SAR, Macau SAR and Taiwan, "PRC"), are authorized or required by law to close. If the Closing does not occur within ten (10) business days following the expected closing date specified in the Closing Notice, unless otherwise agreed to in writing by the Issuer and the Investor, the Issuer shall promptly (but not later than two (2) business days thereafter) cause the return of the Subscription Amount in full to the Investor by wire transfer of U.S. dollars in immediately available funds to the account specified by the Investor, and any book-entries for the Shares shall be deemed cancelled (to the extent the Shares are issued); provided that unless this Subscription Agreement has been terminated pursuant to Section 6, such return of funds shall not terminate this Subscription Agreement or relieve the Investor of its obligation to purchase the Shares at the Closing upon delivery by the Issuer of a subsequent Closing Notice in accordance with the terms of this Section 2. Prior to or on the Closing Date, the Investor shall deliver to the Issuer any other information that is reasonably requested in the Closing Notice in order for the Issuer to issue the Shares, including, without limitation, the legal name of the person in whose name such Shares are to be issued and a duly executed Internal Revenue Service Form W-9 or W-8, as applicable.

3. **Conditions to Closing**

- (d) Performance and Compliance under Subscription Agreement. The Issuer shall have performed, satisfied and complied in all material respects with all covenants, agreements and conditions required by this Subscription Agreement to be performed, satisfied or complied with by it at or prior to the Closing, except where the failure of such performance or compliance would not or would not reasonably be expected to prevent, materially delay, or materially impair the ability of the Issuer to consummate the Closing.

5. Registration Rights

- 5.1 The Issuer agrees that, within thirty (30) calendar days after the Closing Date, it will file with the SEC (at the Issuer's sole cost and expense) a registration statement registering the resale of the Shares (the "Registration Statement"), and it shall use its commercially reasonable efforts to have the Registration Statement declared effective as soon as practicable after the filing thereof; provided, however, that the Issuer's obligations to include such shares in the Registration Statement are contingent upon Investor furnishing in writing to the Issuer such information regarding Investor, the securities of the Issuer beneficially owned by Investor and the intended method of disposition of the Shares as shall be reasonably requested by the Issuer to effect the registration of the Shares, and Investor shall execute such documents in connection with such registration as the Issuer may reasonably request that are customary of a selling shareholder in similar situations, including providing that the Issuer shall be entitled to postpone and suspend the effectiveness or use of the Registration Statement as permitted hereunder.
- 5.2 The Issuer agrees to, except for such times as the Issuer is permitted hereunder to suspend the use of the prospectus forming part of a Registration Statement, use its commercially reasonable efforts to cause such Registration Statement, or another shelf registration statement that includes the Shares to be issued pursuant to this Subscription Agreement, to remain effective until the earliest of (i) the second anniversary of the Closing, (ii) the date on which the Investor ceases to hold any Shares issued pursuant to this Subscription Agreement, or (iii) on the first date on which the Investor is able to sell all of its Shares issued pursuant to this Subscription Agreement (or shares received in exchange therefor) under Rule 144 promulgated under the Securities Act ("Rule 144") without the public information, volume or manner of sale limitations of such rule (such date, the "End Date").

The Investor agrees to disclose its ownership to the Issuer upon request to assist it in making the determination with respect to Rule 144 described in clause (iii) of Section 5.2 above. The Issuer may amend the Registration Statement so as to convert the Registration Statement to a Registration Statement on Form F-3 at such time after the Issuer becomes eligible to use such Form F-3. The Investor acknowledges and agrees that the Issuer may suspend the use of any such registration statement if it determines that in order for such registration statement not to contain a material misstatement or omission, an amendment thereto would be needed to include information that would at that time not otherwise be required in a current, quarterly, or annual report under the Exchange Act.
- 5.4 Notwithstanding the foregoing, if the SEC prevents the Issuer from including any or all of the shares proposed to be registered under the Registration Statement due to limitations on the use of Rule 415 of the Securities Act for the resale of the Shares by the applicable shareholders or otherwise, such Registration Statement shall register for resale such number of Shares which is equal to the maximum number of Shares as is permitted by the SEC. In such event, the number of Shares to be registered shall be reduced (a) firstly, pro rata among all the selling shareholders other than the PIPE Investors; and (b) secondly, only if the number of Shares to be registered for the selling shareholders other than the PIPE Investors has been reduced to zero, pro rata among the PIPE Investors, and the Issuer shall use its commercially reasonable efforts to file with the SEC, as promptly as practicable and as allowed by the SEC, one or more registration statements to register the resale of those Shares that were not registered on the initial Registration Statement, as so amended.

5.5 Notwithstanding anything to the contrary in this Subscription Agreement, the Issuer shall be entitled to delay or postpone the effectiveness of the Registration Statement, and from time to time to require the Investor not to sell under the Registration Statement or to suspend the effectiveness thereof, if (a) the use of the Registration Statement would require the inclusion of financial statements that are unavailable for reasons beyond the Issuer's control, (b) the Issuer determines that in order for the Registration Statement to not contain a material misstatement or omission, (i) an amendment thereto would be needed to include information that would at that time not otherwise be required in a current, quarterly, or annual report under the Exchange Act or (ii) the negotiation or consummation of a transaction by the Issuer or its subsidiaries is pending or an event has occurred, which negotiation, consummation or event that the Issuer reasonably believes would require additional disclosure by the Issuer in the Registration Statement of material information that the Issuer has a bona fide business purpose for keeping confidential and the non-disclosure of which in the Registration Statement would be expected, in the reasonable determination of the Issuer's board of directors to cause the Registration Statement to fail to comply with applicable disclosure requirements (each such circumstance, a "Suspension Event"). Upon receipt of any written notice from the Issuer of the happening of any Suspension Event during the period that the Registration Statement is effective or if as a result of a Suspension Event the Registration Statement or related prospectus contains any untrue statement of a material fact or omits to state any material fact required to be stated therein or necessary to make the statements therein, in light of the circumstances under which they were made (in the case of the prospectus) not misleading, the Investor agrees that (i) it will immediately discontinue offers and sales of the Shares under the Registration Statement (excluding, for the avoidance of doubt, sales conducted pursuant to Rule 144) until the Investor receives copies of a supplemental or amended prospectus that corrects the misstatement(s) or omission(s) referred to above and receives notice that any post-effective amendment has become effective or unless otherwise notified by the Issuer that it may resume such offers and sales; provided, for the avoidance of doubt, that the Issuer shall not include any material non-public information in any such written notice. If so directed by the Issuer, the Investor will deliver to the Issuer or destroy all copies of the prospectus covering the Shares in the Investor's possession.

5.6 Indemnification.

- (a) The Issuer agrees to indemnify and hold harmless, to the extent permitted by law, the Investor, its directors, and officers, employees, and agents, and each person who controls the Investor (within the meaning of the Securities Act or the Exchange Act) from and against any and all losses, claims, damages, liabilities and reasonable and documented out-of-pocket expenses (including, without limitation, any reasonable and documented attorneys' fees and expenses incurred in connection with defending or investigating any such action or claim) caused by any untrue or alleged untrue statement of a material fact contained in any Registration Statement, prospectus included in any Registration Statement or preliminary prospectus or any amendment thereof or supplement thereto or any omission or alleged omission of a material fact required to be stated therein or necessary to make the statements therein not misleading, except insofar as the same are caused by or contained in any information furnished in writing to the Issuer by or on behalf of the Investor expressly for use therein or such Investor has omitted a material fact from such information or otherwise violated the Securities Act, Exchange Act or any state securities law or any other law, rule or regulation thereunder; provided, however, that the indemnification contained in this Section 5.6(a) shall not apply to amounts paid by the Investor in settlement of any losses, claims, damages, liabilities or out-of-pocket expenses if such settlement is effected without the consent of the Issuer. In no event shall the liability of the Issuer be greater in amount than the dollar amount received by the Issuer under this Subscription Amount.
- (b) In connection with any Registration Statement in which an Investor is participating, the Investor agrees to indemnify and hold harmless the Issuer, its directors and officers and agents and each person who controls the Issuer (within the meaning of the Securities Act) against any losses, claims, damages, liabilities and expenses (including, without limitation, reasonable and documented attorneys' fees) resulting from any untrue statement of material fact contained in the Registration Statement, prospectus or preliminary prospectus or any amendment thereof or supplement thereto or any omission of a material fact required to be stated therein or necessary to make the statements therein not misleading, but only to the extent that such untrue statement or omission is contained (or not contained, in the case of an omission) in any information or affidavit so furnished in writing by or on behalf of the Investor expressly for use therein; provided, however, that the liability of the Investor shall be several and not joint with any Other PIPE Investor and in no event shall the liability of the Investor be greater in amount than the dollar amount of the net proceeds received by the Investor upon the sale of the Shares purchased pursuant to this Subscription Agreement giving rise to such indemnification obligation.
- (c) Any person entitled to indemnification herein shall (i) give prompt written notice to the indemnifying party of any claim with respect to which it seeks indemnification (provided that the failure to give prompt notice shall not impair any person's right to indemnification hereunder to the extent such failure has not prejudiced the indemnifying party) and (ii) permit such indemnifying party to assume the defense of such claim with counsel it elects in its sole discretion. If such defense is assumed, the indemnifying party will not be liable to the indemnified party for any legal or other expenses incurred by the indemnified party and shall not be subject to any liability for any settlement made by the indemnified party without its consent. An indemnifying party who elects not to assume the defense of a claim shall not be obligated to pay the fees and expenses of more than one counsel for all parties indemnified by such indemnifying party with respect to such claim, unless in the reasonable judgment of legal counsel to any indemnified party a conflict of interest exists between such indemnified party and any other of such indemnified parties with respect to such claim. No indemnifying party shall, without the consent of the indemnified party, consent to the entry of any judgment or enter into any settlement which cannot be settled in all respects by the payment of money (and such money is so paid by the indemnifying party pursuant to the terms of such settlement) or which settlement does not include as an unconditional term thereof the giving by the claimant or plaintiff to such indemnified party of a release from all liability in respect to such claim or litigation.

10

- (d) The indemnification provided for under this Subscription Agreement shall remain in full force and effect regardless of any investigation made by or on behalf of the indemnified party or any officer, director, employee, agent, affiliate or controlling person of such indemnified party and shall survive the transfer of the Shares purchased pursuant to this Subscription Agreement.
- (e) If the indemnification provided under this Section 5.6(e) from the indemnifying party is unavailable or insufficient to hold harmless an indemnified party in respect of any losses, claims, damages, liabilities and expenses referred to herein, then the indemnifying party, in lieu of indemnifying the indemnified party, shall contribute to the amount paid or payable by the indemnified party as a result of such losses, claims, damages, liabilities and expenses in such proportion as is appropriate to reflect the relative fault of the indemnifying party and the indemnified party, as well as any other relevant equitable considerations. The relative fault of the indemnifying party and indemnified party shall be determined by reference to, among other things, whether any action in question, including any untrue or alleged untrue statement of a material fact or omission or alleged omission to state a material fact, was made by, or relates to information supplied by or on behalf of, such indemnifying party or indemnified party, and the indemnifying party's and indemnified party's relative intent, knowledge, access to information and opportunity to correct or prevent such action. The amount paid or payable by a party as a result of the losses or other liabilities referred to above shall be deemed to include, subject to the limitations set forth above, any legal or other fees, charges or expenses reasonably incurred by such party in connection with any investigation or proceeding. No person guilty of fraudulent misrepresentation (within the meaning of Section 11(f) of the Securities Act) shall be entitled to contribution pursuant to this Section 5.6(e) from any person who was not guilty of such fraudulent misrepresentation. Any contribution pursuant to this Section 5.6(e) by any seller of Shares shall be limited in amount to the amount of net proceeds received by such seller from the sale of such Shares pursuant to the Registration Statement. Notwithstanding anything to the contrary herein, in no event will any party be liable for consequential, special, exemplary or punitive damages in connection with this Subscription Agreement.
6. **Termination.** This Subscription Agreement shall terminate and be void and of no further force and effect, and all rights and obligations of the parties hereunder shall terminate without any further liability on the part of any party in respect thereof, upon the earliest to occur of (a) such date and time as the Transaction Agreement is terminated in accordance with its terms without being consummated, (b) upon the mutual written agreement of each of the parties hereto to terminate this Subscription Agreement, and (c) March 15, 2024, or, if the Termination Date (as defined in the Transaction Agreement) is extended by the parties thereto, such later date, if the Closing has not occurred by such date other than as a result of a breach of the Investor's obligations hereunder; provided that nothing herein will relieve any party from liability for any willful breach hereof prior to the time of termination (for the avoidance of doubt, the Investor shall provide basic information as required for the ODI Approval, and shall not be deemed as in breach hereof nor be liable in the event that the Investor fails to obtain and complete the ODI Approval despite that the Investor has provided such necessary information), and each party will be entitled to any remedies at law or in equity to recover losses, liabilities or damages arising from any such willful breach. The Issuer shall notify the Investor in writing of the termination of the Transaction Agreement promptly after the termination of such agreement. Upon the termination of this Subscription Agreement in accordance with this Section 6, any monies paid by the Investor to the Issuer in connection herewith shall be promptly (and in any event within two (2) business days after such termination) returned to the Investor.

7. Miscellaneous.

- 7.1 **Assignment.** Neither this Subscription Agreement nor any rights, interests or obligations that may accrue to the parties hereunder (other than the Shares acquired hereunder, if any) may be transferred or assigned without the prior written consent of the Issuer, other than (a) an assignment to any fund or account managed by the same investment manager as the Investor or by a controlled affiliate (as defined in Rule 12b-2 of the Exchange Act) thereof, and (b) an assignment of the Investor's rights under Section 5 to an assignee or transferee of the Shares; provided that prior to such assignment or transfer any such assignee or transferee shall agree in writing to be bound by the terms hereof, and, if the Issuer so requests, any such assignee or transferee shall deliver to the Issuer an opinion of counsel in form and substance reasonably satisfactory to the Issuer to the effect that registration under the Securities Act is not required in connection with such assignment; provided, further, that no assignment pursuant to the foregoing terms shall relieve the Investor of its obligations hereunder.
- 7.2 **Additional Information.** The Issuer may request from Investor such additional information as is necessary for SPAC or the Issuer, as applicable, to comply with public disclosure requirements of applicable securities laws or any filing requirements pursuant to the rules of any stock exchange or the Financial Industry Regulatory Authority, and Investor shall provide such information; provided that, subject to Section 5.5, the Issuer shall keep any such information provided by the Investor confidential except (a) as necessary to include in any registration statement the Issuer is required to file hereunder, (b) as required by the federal securities law or pursuant to other routine proceedings of regulatory authorities or (c) to the extent such disclosure is required by law, at the request of the staff of the SEC or regulatory agency or under the regulations of any national securities exchange on which SPAC's securities are listed or the Issuer's securities will be listed for trading. The Investor acknowledges that SPAC and/or the Issuer may file a copy of the form of this Subscription Agreement with the SEC as an exhibit to a current or periodic report or a registration statement of SPAC or the Issuer, as applicable. The Issuer may request from the Investor such additional information as the Issuer may deem necessary to register the resale of the Shares and evaluate the eligibility of the Investor to acquire the Shares, and the Investor shall promptly provide such information as may reasonably be requested to the extent readily available. The Investor acknowledges and agrees that if it does not provide the Issuer with such requested information, the Issuer may not be able to register the Investor's Shares for resale pursuant to Section 5 hereof.
- 7.3 **Further Assurances.**
- (a) The Investor acknowledges that the Issuer will rely on the acknowledgments, understandings, agreements, covenants, representations and warranties of the Investor contained in this Subscription Agreement, including Schedule I hereto. Prior to the Closing, the Investor agrees to promptly notify the Issuer if any of the acknowledgments, understandings, agreements, covenants representations and warranties made by the Investor set forth herein are no longer accurate in all material respects.
 - (b) The Issuer acknowledges that the Investor will rely on the acknowledgements, understandings, agreements, covenants, representations and warranties of the Issuer contained in this Subscription Agreement. Prior to the Closing, the Issuer agrees to promptly notify the Investor if any of the acknowledgements, understandings, agreements, covenants, representations and warranties made by the Issuer set forth herein are no longer accurate in all material respects.
 - (c) The Issuer is irrevocably authorized to produce this Subscription Agreement or a copy hereof to any interested party in any action, suit, hearing, claim, charge, audit, lawsuit, litigation, inquiry or proceeding (in each case, whether civil, criminal or administrative or at law or in equity) with respect to the matters covered hereby.

12

- (d) The Investor acknowledges and agrees that none of the other parties to the Transaction Agreement (other than the Issuer) or any Non-Party Affiliate, shall have any liability (including in contract, tort, under federal or state securities laws or otherwise) to the Investor pursuant to this Subscription Agreement related to the private placement of the Shares, the negotiation hereof or thereof or the subject matter hereof or thereof, or the transactions contemplated hereby or thereby, for any action heretofore or hereafter taken or omitted to be taken by any of them in connection with the purchase of the Shares, or with respect to any claim (whether in tort, contract or otherwise) for breach of this Subscription Agreement or in respect of any written or oral representations made or alleged to be made in connection herewith, as expressly provided herein, or for any actual or alleged inaccuracies, misstatements or omissions with respect to any information or materials of any kind furnished by the Issuer or any Non-Party Affiliate concerning the Issuer, any of its controlled affiliates, this Subscription Agreement or the transactions contemplated hereby. For purposes of this Subscription Agreement, "Non-Party Affiliates" means each former, current or future officer, director, employee, partner, member, manager, direct or indirect equityholder or affiliate of the Issuer or any of the Issuer's controlled affiliates or any family member of the foregoing.
- 7.4 **Survival of Representations and Warranties.** All of the agreements, representations and warranties contained in this Subscription Agreement shall survive the Closing.
- 7.5 **Modifications and Amendments.** This Subscription Agreement may not be modified, waived or terminated (other than pursuant to the terms of Section 6 above) except by an instrument in writing, signed by each of the parties hereto. No failure or delay of either party in exercising any right or remedy hereunder shall operate as a waiver thereof, nor shall any single or partial exercise of any such right or power, or any abandonment or discontinuance of steps to enforce such right or power, or any course of conduct, preclude any other or further exercise thereof or the exercise of any other right or power. The rights and remedies of the parties hereunder are cumulative and are not exclusive of any rights or remedies that they would otherwise have hereunder.
- 7.6 **Entire Agreement.** This Subscription Agreement (including the schedule hereto) constitutes the entire agreement, and supersedes all other prior agreements, understandings, representations and warranties, both written and oral, among the parties, with respect to the subject matter hereof. Except as set forth in Section 5.6 and Section 7.3(a), with respect to the persons specifically referenced therein, this Subscription Agreement shall not confer any rights or remedies upon any person other than the parties hereto, and their respective successors and assigns.
- 7.7 **Benefit.** Except as otherwise provided herein, this Subscription Agreement shall be binding upon, and inure to the benefit of the parties hereto and their heirs, executors, administrators, successors, legal representatives, and permitted assigns, and the agreements, representations, warranties, covenants and acknowledgments contained herein shall be deemed to be made by, and be binding upon, such heirs, executors, administrators, successors, legal representatives and permitted assigns.
- 7.8 **Severability.** If any provision of this Subscription Agreement shall be adjudicated by a court of competent jurisdiction to be invalid, illegal or unenforceable, the validity, legality or enforceability of the remaining provisions of this Subscription Agreement shall not in any way be affected or impaired thereby and shall continue in full force and effect.
- 7.9 **Transaction Expenses.** Except as otherwise agreed, each party shall pay all of its own costs and expenses incurred in anticipation of, relating to and in connection with the negotiation and execution of this Subscription Agreement and the transactions contemplated hereby, whether or not such transactions are consummated.
- 7.10 **Counterparts.** This Subscription Agreement may be executed in one or more counterparts (including by facsimile or electronic mail or in .pdf) and by different parties in separate counterparts, with the same effect as if all parties hereto had signed the same document. All counterparts so executed and delivered shall be construed together and shall constitute one and the same agreement.

13

- 7.11 **Remedies.** The parties hereto acknowledge and agree that irreparable damage would occur in the event that any of the provisions of this Subscription Agreement were not performed in accordance with their specific terms or were otherwise breached. It is accordingly agreed that the parties shall be entitled to an injunction or injunctions to prevent breaches of this Subscription Agreement, without posting a bond or undertaking and without proof of damages, to enforce specifically the terms and provisions of this Subscription Agreement, this being in addition to any other remedy to which such party is entitled at law, in equity, in contract, in tort or otherwise. The parties hereto acknowledge and agree that it may be difficult to prove damages with reasonable certainty, that it may be difficult to procure suitable substitute performance, and that injunctive relief and/or specific performance will not cause an undue hardship to the parties hereto. The parties hereto further acknowledge that the existence of any other remedy contemplated by this Subscription Agreement does not diminish the availability of specific performance of the obligations hereunder or any other injunctive relief. Each party hereto further agrees that in the event of any action by the other party for specific performance or injunctive relief, it will not assert that a remedy at law or other remedy would be adequate or that specific performance or injunctive relief in respect of such breach or violation should not be available on the grounds that money damages are adequate or any other grounds.
- 7.12 **Adjustment of Number of Shares.** If any change in the number, type or classes of authorized shares of the Issuer (including the Shares), shall occur between the date hereof and immediately prior to the Closing by reason of reclassification, recapitalization, stock split (including reverse stock split) or combination, exchange or readjustment of shares, or any stock dividend, the number of Shares issued to the Investor shall be appropriately adjusted to reflect such change.
- 7.13 **Governing Law.** This Subscription Agreement, and any claim or cause of action hereunder based upon, arising out of or related to this Subscription Agreement (whether based on law, in equity, in contract, in tort or any other theory) or the negotiation, execution, performance or enforcement of this Subscription Agreement, shall be governed by and construed in accordance with the laws of the State of New York, without giving effect to the principles of conflicts of laws that would otherwise require the application of the law of any other state.

7.14 Consent to Jurisdiction; Waiver of Jury Trial. Any proceeding or action based upon, arising out of or related to this Subscription Agreement or the transactions contemplated hereby must be referred to and finally settled by arbitration administered by the Hong Kong International Arbitration Centre (the "HKIAC") under the HKIAC Administered Arbitration Rules in force at the time of commencement of the arbitration. The seat of arbitration shall be Hong Kong. There shall be three arbitrators. The claimant and respondent shall each nominate one (1) arbitrator and the third arbitrator shall be appointed by the HKIAC. The arbitration proceedings shall be conducted in English and Chinese. The award of the arbitral tribunal shall be final and binding upon the parties thereto, and the prevailing party may apply to a court of competent jurisdiction for enforcement of such award.

7.15 Notice. Ladies and Gentlemen:

This letter agreement (this "**Letter Agreement**") is being delivered to Lotus Technology Inc., a Cayman Islands exempted company (the "**Company**") and L Catterton Asia Acquisition Corp, a Cayman Islands exempted company ("**SPAC**") in connection with the Agreement and Plan of Merger (the "**Merger Agreement**") entered into as of January 31, 2023, by and among the Company, SPAC, Lotus Temp Limited, a Cayman Islands exempted company ("**Merger Sub 1**"), and Lotus EV Limited, a Cayman Islands exempted company ("**Merger Sub 2**"), pursuant to which, among other things, (i) Merger Sub 1 will merge with and into SPAC, with SPAC surviving the First Merger as a wholly owned subsidiary of the Company (the "**First Merger**"), (ii) SPAC will merge with and into Merger Sub 2, with Merger Sub 2 surviving the Second Merger as a wholly owned subsidiary of the Company (the "**Second Merger**"), and together with the First Merger, the "**Mergers**"), and (iii) in connection with the Mergers, the undersigned (the "**Shareholder**") will hold such number of ordinary shares of the Company, par value \$0.00001 per share (each, a "**Company Ordinary Share**") equal to (a) the number of Company Shares held by the Shareholder immediately prior to the Preferred Share Conversion, multiplied by (b) the Recapitalization Factor. Capitalized terms used herein but not defined herein shall have the meaning ascribed to such terms in the Merger Agreement.

In order to induce SPAC and the Company to proceed with the Mergers and other transactions contemplated in the Merger Agreement and for other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the Shareholder hereby agrees as follows.

As used herein, (i) "**Closing**" means the closing of the transactions contemplated by the Merger Agreement; (ii) "**Closing Date**" means the date on which the Closing occurs; (iii) "**Lock-Up Period**" means a period of six (6) months from and after the Closing Date; (iv) "**Locked-Up Shares**" means any Company Ordinary Shares that are held by the Shareholder immediately after the First Effective Time (which excludes, for the avoidance of doubt, any Company Ordinary Shares that are issued to the Shareholder (A) upon conversion of any convertible notes of the Company issued to the Shareholder in connection with any Pre-Closing Financing, or (B) in connection with any PIPE Financing, as applicable) and any Company Ordinary Shares acquired by the Shareholder upon the exercise of the Company Options; (v) "**Transfer**" means (x) sell, offer to sell, contract or agree to sell, hypothecate, pledge, grant any option, right or warrant to purchase or otherwise transfer, dispose of or agree to transfer or dispose of, directly or indirectly, or establish or increase a put equivalent position or liquidate or decrease a call equivalent position within the meaning of Section 16 of the Exchange Act, and the rules and regulations of the SEC promulgated thereunder, with respect to any Locked-Up Shares, (y) enter into any swap or other arrangement that transfers to another, in whole or in part, any of the economic consequences of ownership of any Locked-Up Shares, whether any such transaction is to be settled by delivery of such securities, in cash or otherwise, or (z) publicly announce any intention to effect any transaction specified in clause (x) or (y); (vi) "**affiliate**" shall have the meaning set forth in Rule 405 under the Securities Act of 1933, as amended; and (vii) "**immediate family**" means, as to a natural person, such individual's spouse, former spouse, domestic partner, child (including by adoption), father, mother, brother or sister, and lineal descendant (including by adoption) of any of the foregoing persons.

Subject to the exceptions set forth herein, during the Lock-Up Period, the Shareholder agrees not to, without the prior written consent of the Company Board, Transfer any Locked-Up Shares held by it; *provided* that, if the Company permits any amendment or modification to, or any waiver (in whole or in part) of any provisions under the Sponsor Support Agreement such that the terms and conditions of lock-up applicable to any Founder Shareholder (as defined in the Sponsor Support Agreement) become less restrictive than those agreed to herein, then such less restrictive terms and conditions shall, without further action of any of the parties hereto, automatically apply to the Shareholder and any applicable sections of this Letter Agreement shall be deemed amended accordingly.

The restrictions set forth in the immediately preceding paragraph shall not apply to:

- (i) Transfers by the Shareholder to (A) any affiliate of such Shareholder or any director, officer or employee of such affiliate, or their immediate family, (B) any officer, director or employee of such Shareholder, or their immediate family, or (C) any shareholder, partner or member of the Shareholder or its affiliates;
- (ii) Transfers by virtue of the Laws of the state of the Shareholder's organization and the Shareholder's Organizational Documents upon dissolution of the Shareholder;
- (iii) pledges of any Locked-Up Shares to a financial institution that create a mere security interest in such Locked-Up Shares pursuant to a bona fide loan or indebtedness transaction so long as the Shareholder continues to control the exercise of the voting rights of such pledged Locked-Up Shares (as well as any foreclosures on such pledged Locked-Up Shares so long as the transferee in such foreclosure agrees to become a party to this Letter Agreement and be bound by all obligations applicable to the Shareholder, *provided* that such agreement shall only take effect in the event that the transferee takes possession of the Locked-Up Shares as a result of foreclosure);
- (iv) Transfers of any Company Ordinary Shares acquired as part of the PIPE Financing;
- (v) transactions relating to Company Ordinary Shares or other securities convertible into or exercisable or exchangeable for Company Ordinary Shares acquired in open market transactions after the Closing, *provided* that no such transaction is required to be, or is, publicly announced (whether on Form 4, Form 5 or otherwise, other than a required filing on Schedule 13F, 13G or 13G/A) during the Lock-Up Period;
- (vi) the exercise of any options to purchase Company Ordinary Shares (which exercises may be effected on a cashless basis to the extent the instruments representing such options permit exercises on a cashless basis);
- (vii) the establishment, at any time after the Closing, by the Shareholder of a trading plan providing for the sale of Company Ordinary Shares that meets the requirements of Rule 10b5-1(c) under the Exchange Act (a "**Trading Plan**"); *provided, however*, that no sales of Locked-Up Shares shall be made by the Shareholder pursuant to such Trading Plan during the Lock-Up Period and no public announcement or filing is voluntarily made regarding such plan during the Lock-Up Period; and

(viii) Transfers made in connection with a liquidation, merger, share exchange or other similar transaction that results in all of the Company's shareholders having the right to exchange their Company Ordinary Shares for cash, securities or other property subsequent to the Closing Date;

provided, however, that in the case of clauses (i) through (iii), these permitted transferees shall enter into a written agreement in substantially the form of this Letter Agreement, agreeing to be bound by the lock-up restrictions on Transfer of Locked-Up Shares prior to such Transfer.

The Shareholder hereby agrees that, in accordance with the terms thereof, (i) the Shareholders Agreement, (ii) any rights of the Shareholder under the Shareholders Agreement and (iii) any rights under any other agreement providing for redemption rights, put rights, purchase rights or other similar rights not generally available to Company

Shareholders, shall be terminated effective as of the First Effective Time, and thereupon shall be of no further force or effect, without any further action on the part of any of the Shareholder or the Company, and neither the Company, the Shareholder, nor any of their respective affiliates or subsidiaries shall have any further rights, duties, liabilities or obligations thereunder and each of the Shareholder and the Company hereby releases in full any and all claims with respect thereto with effect on and from the First Effective Time.

The Shareholder hereby represents and warrants that the Shareholder has full power and authority to enter into this Letter Agreement and that this Letter Agreement constitutes the legal, valid and binding obligation of the Shareholder, enforceable in accordance with its terms. The Shareholder will, from time to time, (i) execute and deliver, or cause to be executed and delivered, any additional or further consents, documents and other instruments as the Company may reasonably request for the purpose of effectively consummating the transactions contemplated by this Letter Agreement, the Merger Agreement and the other Transaction Documents and (ii) refrain from exercising any veto right, consent right or similar right (whether under the Organizational Documents of the Company or the Cayman Act) which would prevent, impede or, in any material respect, delay or adversely affect the consummation of the Transactions.

This Letter Agreement constitutes the entire agreement and understanding of the parties hereto in respect of the subject matter hereof and the transactions contemplated hereby and supersedes any other agreements, whether written or oral, that may have been made or entered into by or between the parties hereto or any of their respective Subsidiaries relating to the subject matter hereof or the transactions contemplated hereby. This Letter Agreement may not be changed, amended, modified or waived (other than to correct a typographical error) as to any particular provision, except by a written instrument executed by all parties hereto.

Other than in connection with the Transfer of any Locked-Up Shares in accordance with the terms of this Letter Agreement, which shall not be deemed to be an assignment of this Letter Agreement or the rights or obligations hereunder, no party hereto may assign this Letter Agreement or any part hereof without the prior written consent of the other parties hereto and any such transfer without prior written consent shall be void. Subject to the foregoing, this Letter Agreement shall be binding upon and inure to the benefit of the parties hereto and their respective permitted successors and assigns.

3

This Letter Agreement, and any claim or cause of action hereunder based upon, arising out of or related to this Letter Agreement (whether based on law, in equity, in contract, in tort or any other theory) or the negotiation, execution, performance or enforcement of this Letter Agreement, shall be governed by and construed in accordance with the laws of the State of New York, without giving effect to the principles of conflicts of law that would otherwise require the application of the laws of another jurisdiction. THE PARTIES HERETO IRREVOCABLY SUBMIT TO THE EXCLUSIVE JURISDICTION OF THE STATE OR FEDERAL COURTS LOCATED IN NEW YORK COUNTY, STATE OF NEW YORK (OR ANY APPELLATE COURTS THEREFROM) SOLELY IN RESPECT OF THE INTERPRETATION AND ENFORCEMENT OF THE PROVISIONS OF THIS LETTER AGREEMENT AND THE TRANSACTIONS CONTEMPLATED HEREBY, AND HEREBY WAIVE, AND AGREE NOT TO ASSERT, AS A DEFENSE IN ANY ACTION, SUIT OR PROCEEDING FOR INTERPRETATION OR ENFORCEMENT HEREOF OR THAT SUCH ACTION, SUIT OR PROCEEDING MAY NOT BE BROUGHT OR IS NOT MAINTAINABLE IN SAID COURTS OR THAT VENUE THEREOF MAY NOT BE APPROPRIATE OR THAT THIS LETTER AGREEMENT MAY NOT BE ENFORCED IN OR BY SUCH COURTS, AND THE PARTIES HERETO IRREVOCABLY AGREE THAT ALL CLAIMS WITH RESPECT TO SUCH ACTION, SUIT OR PROCEEDING SHALL BE HEARD AND DETERMINED BY ANY SUCH COURT. THE PARTIES HEREBY CONSENT TO AND GRANT ANY SUCH COURT JURISDICTION OVER THE PERSON OF SUCH PARTIES AND OVER THE SUBJECT MATTER OF SUCH DISPUTE AND AGREE THAT MAILING OF PROCESS OR OTHER PAPERS IN CONNECTION WITH SUCH ACTION, SUIT OR PROCEEDING IN THE MANNER PROVIDED HEREIN OR IN SUCH OTHER MANNER AS MAY BE PERMITTED BY LAW SHALL BE VALID AND SUFFICIENT SERVICE THEREOF. EACH PARTY CERTIFIES AND ACKNOWLEDGES THAT (I) NO REPRESENTATIVE, AGENT OR ATTORNEY OF ANY OTHER PARTY HAS REPRESENTED, EXPRESSLY OR OTHERWISE, THAT SUCH OTHER PARTY WOULD NOT, IN THE EVENT OF LITIGATION, SEEK TO ENFORCE THE FOREGOING WAIVER; (II) SUCH PARTY UNDERSTANDS AND HAS CONSIDERED THE IMPLICATIONS OF THE FOREGOING WAIVER; (III) SUCH PARTY MAKES THE FOREGOING WAIVER VOLUNTARILY AND (IV) SUCH PARTY HAS BEEN INDUCED TO ENTER INTO THIS LETTER AGREEMENT BY, AMONG OTHER THINGS, THE FOREGOING MUTUAL WAIVER AND CERTIFICATIONS.

The parties hereto agree that irreparable damage, for which monetary damages, even if available, would not be an adequate remedy, would occur in the event that the parties do not perform their obligations under any of the provisions of this Letter Agreement (including failing to take such actions as are required of them hereunder to consummate the transactions contemplated by this Letter Agreement) in accordance with their specific terms or otherwise breach such provisions. It is accordingly agreed that the parties hereto shall be entitled to seek an injunction or injunctions, specific performance or other equitable relief to prevent breaches of this Letter Agreement and to enforce specifically the terms and provisions of this Letter Agreement, without proof of damages, prior to the valid termination of this Agreement in accordance with the terms hereof, this being in addition to any other remedy to which any party is entitled at law or in equity. In the event that any Action shall be brought in equity to enforce the provisions of this Letter Agreement, no party shall allege, and each party hereby waives the defense, that there is an adequate remedy at law, and each party agrees to waive any requirement for the securing or posting of any bond in connection therewith.
