## **Lotus Technology Enters into Agreements for \$122M with Strategic Partners and Business Partners**

**New York and Singapore – April 28, 2023** – Lotus Technology Inc. (“Lotus Tech” or the “Company”), a leading global luxury electric vehicle maker, announced today that it has entered into agreements with strategic partners and business partners for a total investment amount of approximately \$122 million, which are subject to customary terms and conditions (including regulatory approvals) included in the definitive documentation. The financing marks a robust start to the Company's ongoing fundraising and a major milestone in its planned business combination with *L Catterton Asia Acquisition Corp* (“LCAA”) (NASDAQ: LCAA), a special purpose acquisition company formed by affiliates of *L Catterton*, a leading global consumer-focused investment firm.

The financing demonstrates the strength of market confidence in Lotus Tech as the Company progresses to complete the previously announced business combination, which is expected to close later this year. The funds expected to be provided by the financing are intended to be used to further advance Lotus Tech's development of next-generation automobility technologies, continue the Company's expansion of its global distribution network, and promote product innovation.

The global luxury electric vehicle market is expected to expand at a compound annual growth rate of 35% between 2021 and 2031, reaching over 1.9 million units by the end of that period.<sup>1</sup> "As an early mover in the market, Lotus Tech is well-positioned to address unfilled demand and capitalize on the segment's rapid growth. Our strategic partners are eager to contribute to our development with additional capital," said Mr. Qingfeng Feng, Chief Executive Officer of Lotus Tech.

"We are encouraged by this support from our strategic partners as they continue to invest and demonstrate confidence in our performance and growth potential," added Mr. Feng. "Beyond providing capital, our strategic partners' extensive global relationships and deep industry expertise will help accelerate our business and technology development and product roll-out. We look forward to further executing our strategy and steering the industry towards a more sustainable future."

### **Overview of the Transactions Contemplated by the Business Combination**

On January 31, 2023, Lotus Tech and *L Catterton Asia Acquisition Corp* announced the signing of a definitive agreement related to a proposed business combination that would result in Lotus Tech becoming a public company. Upon completion of the business combination, the combined company is expected to retain Lotus Tech's name as “Lotus Technology Inc.” and its ordinary shares are expected to be listed on the Nasdaq under the ticker symbol “LOT.”

**Forward-Looking Statements**

This press release (the "Press Release") contains forward-looking statements within the meaning of Section 27A of the U.S. Securities Act of 1933, as amended (the "Securities Act"), and Section 21E of the U.S. Securities Exchange Act of 1934, that are based on beliefs and assumptions and on information currently available to Lotus Tech and LCAA. All statements other than statements of historical fact contained in this Press Release are forward-looking statements. In some cases, you can identify forward-looking statements by terminology such as "may", "should", "expect", "intend", "will", "estimate", "anticipate", "believe", "predict", "potential", "forecast", "plan", "seek", "future", "propose" or "continue", or the negatives of these terms or variations of them or similar terminology although not all forward-looking statements contain such terminology. Such forward-looking statements are subject to risks, uncertainties, and other factors which could cause actual results to differ materially from those expressed or implied by such forward looking statements.

These forward-looking statements are based upon estimates and assumptions that, while considered reasonable by LCAA and its management, and Lotus Tech and its management, as the case may be, are inherently uncertain. Factors that may cause actual results to differ materially from current expectations include, but are not limited to: (1) the occurrence of any event, change or other circumstances that could give rise to the termination of definitive agreements with respect to the proposed Business Combination between LCAA, Lotus Tech and the other parties thereto (the “Business Combination”); (2) the outcome of any legal proceedings that may be instituted against LCAA, the Combined Company or others following the announcement of the Business Combination and any definitive agreements with respect thereto; (3) the amount of redemption requests made by LCAA public shareholders and the inability to complete the Business Combination due to the failure to obtain approval of the shareholders of LCAA, to obtain financing to complete the Business Combination or to satisfy other conditions to closing and; (4) changes to the proposed structure of the Business Combination that may be required or appropriate as a result of applicable laws or regulations or as a condition to obtaining regulatory approval of the Business Combination; (5) the ability to meet stock exchange listing standards following the consummation of the Business Combination; (6) the risk that the Business Combination disrupts current plans and operations of the Company as a result of the announcement and consummation of the Business Combination; (7) the ability to recognize the anticipated benefits of the Business Combination, which may be affected by, among other things, competition, the ability of the Combined Company to grow and manage growth profitably, maintain relationships with customers and suppliers and retain its management and key employees; (8) costs related to the Business Combination; (9) risks associated with changes in applicable laws or regulations and Lotus Tech’s international operations; (10) the possibility that Lotus Tech or the Combined Company may be adversely affected by other economic, business, and/or competitive factors; (11) Lotus Tech’s estimates of expenses and profitability; (12) Lotus Tech’s ability to maintain agreements or partnerships with its strategic partner Geely Holding and to develop new agreements or partnerships; (13) Lotus Tech’s ability to maintain relationships with its existing suppliers and strategic partners, and source new suppliers for its critical components, and to complete building out its supply chain, while effectively managing the risks due to such relationships; (14) Lotus Tech’s reliance on its partnerships with vehicle charging networks to provide charging solutions for its vehicles and its strategic partners for servicing its vehicles and their integrated software; (15) Lotus Tech’s ability to establish its brand and capture additional market share, and the risks associated with negative press or reputational harm, including from lithium-ion battery cells catching fire or venting smoke; (16) delays in the design, manufacture, launch and financing of Lotus Tech’s vehicles and Lotus Tech’s reliance on a limited number of vehicle models to generate revenues; (17) Lotus Tech’s ability to continuously and rapidly innovate, develop and market new products; (18) risks related to future market adoption of Lotus Tech’s offerings; (19) increases in costs, disruption of supply or shortage of materials, in particular for lithium-ion cells or semiconductors; (20) Lotus Tech’s reliance on its partners to manufacture vehicles at a high volume, some of which have limited experience in producing electric vehicles, and on the allocation of sufficient production capacity to Lotus Tech by its partners in order for Lotus Tech to be able to increase its vehicle production capacities; (21) risks related to Lotus Tech’s distribution model; (22) the effects of competition and the high barriers to entry in the automotive industry, and the pace and depth of electric vehicle adoption generally on Lotus Tech’s future business; (23) changes in regulatory requirements, governmental incentives and fuel and energy prices; (24) the impact of the global COVID-19 pandemic on LCAA, Lotus Tech, Lotus Tech’s post business combination’s projected results of operations, financial performance or other financial metrics, or on any of the foregoing risks; and (25) other risks and uncertainties set forth in the section entitled “Risk Factors” and “Cautionary Note Regarding Forward-Looking Statements” in LCAA’s final prospectus relating to its initial public offering (File No. 333-253334) declared effective by the SEC on March 10, 2021, and other documents filed, or to be filed, with the U.S. Securities and Exchange Commission (the “SEC”) by LCAA or Lotus Tech, including the Registration/Proxy Statement (as defined below). There may be additional risks that neither LCAA nor Lotus Tech presently know or that LCAA or Lotus Tech currently believe are immaterial that could also cause actual results to differ from those contained in the forward-looking statements.

Nothing in this Press Release should be regarded as a representation by any person that the forward-looking statements set forth herein will be achieved in any specified time frame, or at all, or that any of the contemplated results of such forward-looking statements will be achieved in any specified time frame, or at all. The forward-looking statements in this Press Release represent the views of LCAA and Lotus Tech as of the date they are made. While LCAA and Lotus Tech may update these forward-looking statements in the future, LCAA and Lotus Tech specifically disclaim any obligation to do so, except to the extent required by applicable law. You should not place undue reliance on forward-looking statements.

### Projections

Lotus Tech’s independent auditors have not audited, reviewed, compiled or performed any procedures with respect to the projections for the purpose of their inclusion in this Press Release, and accordingly, they did not express an opinion or provide any other form of assurance with respect thereto for the purpose of this Press Release. These projections should not be relied upon as being necessarily indicative of future results. The assumptions and estimates underlying the prospective financial information are inherently uncertain and are subject to a wide variety of significant business, economic and competitive risks and uncertainties that could cause actual results to differ materially from those contained in the prospective financial information. While such information and projections are necessarily speculative, LCAA and Lotus Tech believe that the preparation of prospective financial information involves increasingly higher levels of uncertainty the further out the projection extends from the date of preparation. Accordingly, there can be no assurance that the prospective results are indicative of the future performance of Lotus Tech or that actual results will not differ materially from those presented in the prospective financial information. Inclusion of the prospective financial information in this Press Release should not be regarded as a representation by any person that the results contained in the prospective financial information will be achieved.

Actual results may differ as a result of the completion of Lotus Tech's financial reporting period closing procedures, review adjustments and other developments that may arise between now and the time such financial information for the period is finalized. As a result, these estimates are preliminary, may change and constitute forward-looking information and, as a result, are subject to risks and uncertainties. Neither Lotus Tech's nor LCAA's independent registered accounting firm has audited, reviewed or compiled, examined or performed any procedures with respect to the preliminary results, nor have they expressed any opinion or any other form of assurance on the preliminary financial information.
